

## FALSE STORY OF ATTACK

### Girl Charged

SYDNEY, Wednesday: A 16 year old girl, who last night told Liverpool police she had been raped by four armed and masked men, was early today charged with being an uncontrollable child.

She told detectives at Parramatta Hospital that she had been with her boy friend at a secluded part of Liverpool.

Four youths came on the scene, held the lad, and each in turn attacked her, she said.

Detectives later found the story was false and the girl will appear in the Children's Court.
