

FAREWELL TO THE EMERALD

WORDS AND MUSIC BY A. BARON
ARRANGED BY A. BARBER

A handwritten musical score for the song "Farewell to the Emerald". The score is written on ten staves of music, each with a treble clef and a key signature of one sharp (F#). The lyrics are written below the notes, and guitar chords are indicated above the staff lines. The chords used include G, D7, C, EMIN, and G. The lyrics describe a scene in Ireland where a light has gone out, and a broken heart lies unbeat on its way to the world beyond. The song is a farewell to the Emerald, the finest and saddest son of the times they were a-changing, like they always have been. The boys won't be back in this town any more, and there's no whiskey left in the jar, no dancing in the moonlight, no joints left to roll drinks to mix. The stage is deserted, the spotlight is gone, traded in for...
