## Scapegoats Old And New

In the Middle Ages, kings recruited Jews to do their dirty work as tax collectors. (2) The theory behind that was very simple: when the oppressed peasants had had enough, instead of rising up against their overlords and oppressors, they would march into the ghetto and pogrom the local Jewish community. Throughout history, Jews have been scapegoated in this way, sometimes with no justification at all. This is not to say that a pogrom is *ever* justified, the Jews have their bad apples the same as everyone else, but wreaking vengeance on an entire community is never justified just because a few of its number are prepared to cooperate with tyrants, or even to act as their henchmen. (3)

The Nazis realised the value of Jewish scapegoats too. In June 1934, the *Jewish Chronicle* reported that the Nazis were trying to scapegoat the Jews for the then current currency crisis in Germany. It was also reported that Nazis leaders were planning to stage an attempt to murder Hitler by "Jewish and Communist conspirators". (4) Seven years later they were at it again; this time they appointed dozens of Rumanian/German-speaking Jews in occupied Rumania as food controllers, ostensibly because of their linguistic ability, but in reality so that the Jews rather than the Nazis would be blamed for the inevitable food shortages. The alternative for those Jews who refused was the concentration camp. (5) Doubtless they scapegoated Jews in other ways as well.

But if both kings and Nazi leaders have used Jews as scapegoats, the past masters at this dishonourable profession have been the communists. Although the myth of Jewish communism was built, in its early stages, around Leon Trotsky, the communists were not slow to pick up on the Jewish-communist conspiracy theory. In addition to the countless Jewish "intellectuals" who were attracted to this dreadful, inhuman philosophy, often out of misplaced idealism, many persons of Jewish origin were appointed to leading positions in the Eastern Bloc after it fell under communist control thanks to the evil machinations of Churchill. (6) So intensely were Jews concentrated in the Hungarian government for example that the 1956 Hungarian revolution had all the appearances of a pogrom, as David Irving points out in his book *UPRISING!* (7) As no one could ever accuse Irving of philo-Semitism, this is a worthy admission.

## From Class Hatred To Racial Hatred

The driving force behind communism was originally a fanatical class hatred, but since the end of the Second World War, if not before, the emphasis has switched from class to racial hatred. Realising that they have no appeal to the common people, the communists, socialists and fellow travellers have infiltrated bona fide movements concerned with social injustice and social change. The two fields in which they have been most successful are the nuclear disarmament movement - CND in Britain - and the race relations industry.

Now it is a fact that racial prejudice, discrimination and bigotry bring no credit to any of their practitioners; it is also a fact that historically these practices have been directed primarily by white people against non-whites, through the white supremacy which the European "Imperialists" practised against colonial peoples, to apartheid in South Africa and segregation in the American Deep South. Likewise it is a fact that there has been much injustice under these systems, as under all other systems of government. But it is not a fact, ie it is manifestly *not* true, that white people generally are vicious racial bigots. Even where strict segregation is enforced, this is due primarily to deeply entrenched social mores and customs rather than to racial hatred. Such social "taboos" are no more indicative of innate hatred than the Latin distaste of drunkenness or the Islamic taboo against adultery.

However, the infiltration and takeover of the race relations industry by communists and fellow travellers has been remarkably successful. By denying "fascists" and *racists* any platform on the spurious grounds that they are a threat to democracy and free speech, and by denouncing all opponents of absolute collectivism and forced race-mixing as fascists and *racists*, they have hijacked a once humanitarian movement and turned it into an instrument of anti-white bigotry and hatred. The "no-platform" stance is extremely convenient because it allows *everyone* who takes issue with them on any point at all to be hysterically denounced, attacked - perhaps physically - and to be denied any right to refute or even to reply to the most outrageous libels.

It is ironic that while the hatred of certain whites for blacks, Asians etc is readily, often too readily, recognised - as is anti-Semitism exhibited by all groups - the hatred of the white race by the proponents of "anti-racism" has gone all but unrecognised. The no-platform for fascists, *racists* ad nauseum has also been applied across the board

to "education" and has not stopped at rewriting history. In fact, history has largely been rewritten in Marxist terms until the development of Capitalism and Imperialism has been turned on its head and traduced as some sort of grotesque anti-white conspiracy theory (8) which would do justice to the authors of the spurious *Protocols of Zion*. (9)

### From Belsen To Searchlight

Central to this rewriting of history and perversion of the movement for social change has been the *Holocaust*, the alleged genocide of the Jews by the Nazi régime during World War Two. The suffering of the countless tens of millions of (mostly *Aryan*) *goyim* in World War Two and the Imperialist nature of the war have been either forgotten or discounted.

In April 1940, the *Jewish Chronicle* reported that, "Pro-Fascists are endeavouring to spread internal dissension by stirring up hatred against the Jews. Communists are pouring out propoganda that the war is being waged in the interest of *capitalist Imperialists*, and their paid agents are active among munition workers and even the armed forces." (10) The following month it was announced that as well as the fascist journal *Action*, the communist newspaper the *Daily Worker* had been banned from dispatch abroad because both "are well known to make a practice of publishing allegations which create in the minds of neutrals misapprehension about British Policy." (11) In other words, killing Germans. It was only after Hitler attacked the Soviet Union that the comrades of the "workers" movement changed their minds about the true nature of the war. Suddenly, from being an Imperialist war it became a life or death struggle against fascism.

Thus it became "politically correct" to kill Germans, and, after the war, as the Allies and the Zionists spread their atrocity propoganda about the death camps, by skillful manipulation of the media the message was drummed home that the only suffering that mattered was Jewish suffering. (12) To this, later, was added the suffering of the non-white peoples of the world due to the mythical disease of *racism*. Neither the suffering nor the aspirations of white Gentiles counted for anything.

The deluge of *Holocaust* propoganda led to the recruitment of many Jews into the misnamed "anti-racist" movement. Rather than pious *Torah* Jews who devote their lives to the study of the *Talmud*, these "Jews" were "racial Jews", that is they were persons of Jewish ancestry and in most cases no more Jewish than the indigenous population of Britain is Christian. One of these racial Jews was Maurice Ludmer (1926-81). Ludmer visited Belsen in 1946, and many years later he would repeat the vile anti-German canards spread by his hatemongering co-racialists and British defamers of the German people about the Germans manufacturing lampshades from human skin. (13) Such lying propoganda was originally spread by anti-German propogandists during the First World War, now it was simply recycled for the benefit of the gullible *goyim* in order to incite hatred against their kinfolk. (14)

As well as spreading and perhaps to some extent swallowing this vile, anti-German hatred, Ludmer became an active communist and later moved smoothly into the field of race agitation. He was joined by his co-racialist Gerry Gable, and together they became the driving force behind the Marxist lie machine that would later become known as Searchlight.

Gable was eleven years Ludmer's junior, so was not old enough to visit Belsen. However, his hatred of the *Aryan* race was triggered off by another and entirely different incident. One Easter, when Gable was ten years old, a Mosleyite teacher at his school said to him, "You're a Jew, aren't you Gable?" This wicked teacher also told his class that the Jews had killed Jesus, which resulted in poor Gerry having to run home under a hail of stones, one of which left a permanent scar. On his brain. (15) In a 1989 interview with the *Northern Echo*, Gable told the paper, "The war killed 53 million people. There must be no forgiving and no forgetting." (16) Of course, to him only the (alleged) murder of six million Jews really matters, neither he nor Ludmer cared about the other 47 million *goyim*, especially those wicked *Aryans*.

Searchlight was established at about the time of British Nazi leader Colin Jordan's "Free Britain from Jewish control" rally which was held in London's Trafalgar Square on Sunday 1st July 1962. (17) The pretext used was that there was a need for a news agency to monitor the supposed resurgence of Nazism, presumably to stop the likes of Ludmer and Gable being turned into lampshades, but the reality is that even without the hate campaign of the media and left wing organisations, the appeal of Nazism in this country has never been great. Jordan - sincere but misguided idealist that he is - has always been a figure of curiosity or of fun to the British media.

Other, more demagogic Nazi leaders, American Lincoln Rockwell for instance, are given a wide berth by most people because their fanaticism is clearly recognised, and unwelcome, however persuasive their rhetoric. Indeed, it might be argued that it is this hate campaign which to some extent creates the limited support Jordan, Rockwell and their movements enjoy. (18) So Searchlight was set up as a news agency, and, initially, published a short-lived annual broadsheet. The first editor of this was Jewish MP Reginald Freeson.

1974 saw the publication of what was to become the archetype for the typical Searchlight smear job, a pamphlet called *A Well-Oiled Nazi Machine*. Combining Ludmer's whining, wailing and innuendo with Gable's by now legendary sloppy research, it was, amazingly, an instant best seller. In February the following year *Searchlight* (19) was launched as a magazine, and was published regularly from April. Among the lies and fantasies it has embroidered and endorsed since its inception are the Column 88 Nazi underground scam, (20) the 1981 Notting Hill Carnival bomb plot, and the mythical 1986 plot to murder Gable by Conservative MP Gerald Howarth. (21) Not content with libelling Mr Howarth in a 1984 TV documentary, Gable sought to blacken his name still further. *Private Eye* paid the damages. (22)

Searchlight's original agenda, to monitor and thereby check the mythical resurgence of Nazism, was quickly forgotten. In 1967, alarmed at what they perceived as the swamping of their country by alien cultures and the inevitable miscegenation and racial death, a group of patriots and white nationalists came together as the National Front. The founder and first chairman of this patriotic organisation was A.K. Chesterton, a pre-war fascist and anti-Semite who later moderated his views. Chesterton's fascist ideology had in no way compromised his patriotism, unlike most if not all of his detractors, many of them Jewish, Mr Chesterton fought in both world wars, an achievement very few people could boast. And, although he refused to believe that Adolf Hitler was the Devil Incarnate, he condemned the Führer's anti-Jewish policy unequivocally. "Anti-Semite" Chesterton even exposed the crude anti-Semitic forgery *A Racial Programme For The Twentieth Century*, the product of the sick mind of Eustace Mullins. (23)

Although the leadership of the National Front was made up largely of patriotic, democratic Britons, including many ex-servicemen, there were a number of people connected with it who had been involved with various lunatic fringe Nazi outfits, including Colin Jordan's National Socialist Movement. Aided and abetted by their fellow travellers in the mainstream media, it was a simple matter for the Searchlight Organisation to build up a totally dishonest picture of the National Front and similar organisations as "Nazi" fronts. It was then only a matter of time before any white person who spoke out against immigration or forced race-mixing could be smeared as a *racist*, fascist, Nazi or fellow traveller. This was later extended to cover Black Separatists and even Jews who have dared to breach the "no platform" rule instituted by Ludmer, Gable and their hatemongering co-racialists and *goy* fellow travellers.

At the time of writing, the British government is making overtures to the terrorist murderers of the IRA, who, along with "Loyalist" terror gangs have been responsible for over 3,000 deaths in Northern Ireland since the beginning of "The Troubles". Although there have been individual acts of anti-black, anti-Asian and anti-Semitic violence in this country, including murders of some immigrants and members of ethnic minorities, there has been no orchestrated terror campaign as in Northern Ireland. Yet by some perverted logic it is acceptable to debate with the murderers of the IRA yet taboo even to allow a platform for members of legal political parties such as the British National Party and the National Front.

It is this no platform for "fascists" along with the hate campaign against the extreme right, including by Jewish organisations - like Searchlight - which has, more than anything else, nurtured the virulent anti-Semitism of these parties, and of course, the more they are suppressed by the likes of Searchlight, the more they will hate all Jews.

## Gerry Gable: Arch "Aryan"-Hater: Secret State Nark And Agent Provocateur

Let us now take a closer look at the spider at the centre of this web of evil, Gerry Gable. Like his mentor Ludmer, Gable began life as a communist and stood as a candidate in Northfield Ward, Stamford Hill, where he polled 178 votes, less than 3.3% of the total. (24) As Stamford Hill is unquestionably the most heavily populated Jewish area of Britain, this refutes the lie of Jewish communism, but Gable's interests were not so much in the field of communism as militant "anti-fascism" and the promotion of race-mixing. He was a member of the 62 Group, (25)

a violent bunch of Jewish thugs who modelled themselves on the post-war 43 Group. He does however have another agenda which occasionally shows itself.

In January 1964, Gable and another Jew were convicted of and fined for burglary artifice at the home of the then respectable if maverick historian David Irving. (26) This was not a serious criminal offence, and, unlike most burglaries, was not carried out for material gain. Its significance is that they claimed at the time that they were looking for material to hand over to Special Branch. In 1980, Gable was again exposed as a tool of the Secret State, and this time not of his own volition. The now notorious Gable memorandum is reproduced in full as an appendix to this pamphlet. There have also been other hints of Gable's links (27) with the Secret State. (28) Many left wing groups now refuse to work with *Searchlight*. (29)

In 1976, Martin Webster wrote an article for the then National Front magazine *Spearhead* in which he claimed that the Zionist conspiracy was alive and well and living in Britain. (30) The "Zionists" in this case were intimately connected with the Searchlight Organisation. As, in his own words, Gable, who is a hard line Zionist, (31) has "links" with all manner of top security Secret State operatives, one is entitled to ask: Is the organisation which he now runs another tentacle of the Zionist octopus, or is it used as a cover for the Secret State to carry out its dirty tricks against extremist parties and groups of the right, and, more lately, of the left?

### The Other Face Of Hatred

Gable's hatred of Nazis and anti-Semites does not extend to the lowlife he employs to do his dirty work and spread canards about the white ethnic movement in Britain and abroad. In 1979 he teamed up with Ray Hill, a thrice convicted violent thug, petty crook, racial bigot and anti-Semite. On his return from South Africa, Hill, who sold his soul to Organised Jewry in Johannesburg, (32) acted as informant and *agent provocateur* for *Searchlight*. His biggest scam was the phony 1981 Notting Hill Carnival bomb plot. That same year Hill and Gable tried to set up a group of right wingers in Leicester in a gun running scam, but although they captured most of the "evidence" on camera, the police were clearly aware of their game and showed profound disinterest. (33)

Historian Richard Thurlow wrote of this: "Hill provided evidence that practically all of Britain's nazis were implicated in some of these activities, including the British Movement, the League of St George and Column 88." (34) Professor Thurlow misses the point. Gable realises that however much noise he and his co-racialists make about the evils of the mythical disease of *racism*, the extreme right cannot be outlawed in Britain as long as this country maintains a pretence of democracy. The only way the hated *Aryans* can be prevented from spreading their - to him - vile philosophy of White Survival, is if it can be proved that they are engaged in terrorist activity. Hence the "evidence" that practically all of Britain's "Nazis" have been involved in one conspiracy after another to bomb, burn and take over the country, after which they will send all the Jews, blacks, Asians and queers to the gas chambers, of course.

The other "former Nazi" supposedly recruited by Gable as a "mole" inside the far right was Tim Hepple. Hepple, a very much younger man than Hill, has had an extraordinary career of subversion in both the extreme right and the extreme left. This has been documented by three recent studies, one by Hepple himself and Gable, and two by Larry O'Hara. (35) It goes without saying that the first of these must be taken with a large pinch of salt. Hepple was a member of both the British National Party and of the grotesque, American-based race-hate organisation the Church of the Creator.

It is however his activities in the extreme left that have provoked most interest in Mr Hepple and his paymasters. Among other things, Hepple tried to palm off a fake list of far right supporters on an anarchist group in order to set them up for attack by "fascists". (36) He has also openly incited violence against the British National Party. (37) And, in his largely fictional account of his odyssey through the extreme right, Hepple, or rather Gable, inserts the following quote: "At Christmas 1988 during the holiday a girl in my village was going out with a black guy. Despite everything, I couldn't think of one good reason they shouldn't go out together." (38) Obviously this is something Gable would like to see happen more often, or even to be made compulsory in order to destroy the hated *Aryans* for good. Revenge for the *Holocaust* and on the Mosleyite teacher who accused his race of deicide and forced him to run home under a hail of stones. Gable's passion for miscegenation doesn't extend to his own race, both his wife and his ex-wives are of Jewish origin. He also likes to keep business matters very much within the tribe and, for example, patronises the Jewish firm of solicitors, Bindman and Partners, (and lately Kosky Seal & Co).

## Why Anti-Semites Blame The Jews

It is not true that everyone who hates Jews hates them for an irrational reason. Some hate them because they believe they are plotting to take over the world, or that they are behind communism, or that they corrupt everything they touch. Some hate them because they are rich, some because they are poor. (39) Some hate them for the sake of hating someone; there is a lot of hate in the world, and, the constant whining and wailing of Organised Jewry aside, there is no reason why the Jews shouldn't have their share. But although many anti-Semites hate Jews for absurd reasons, or for no reason at all, much if not most of the hatred directed at ordinary Jewish people is the result of the activities of the likes of the *Searchlight* team. Consider the following.

*Searchlight* is a Jewish organisation. (40) It campaigns to make *racism* and fascism illegal, to deny *racists* and fascists any platform under any circumstances. It brands as *racist* any white person who is hostile to non-white immigration, forced race-mixing and intermarriage. Since most people of all races prefer their own kind, (41) this will naturally include the overwhelming majority of white people. Thus, all white people are *racist*. Although fascism does have a fairly precise definition, in practice the word is frequently used as an epithet. Thus, the police are often branded fascists; when they guard "fascist" demonstrations they are interpreted as being in league with fascists. In reality, the police have a duty to police all large public events and to protect all citizens from violence, regardless of their political views. Having branded some individual, party or group fascist, *racist* or anti-Semitic, often on the most tenuous evidence or smear by association, *Searchlight* can then deny them a platform and proceed to lie about them gratuitously, as indeed it often does. (42) But what do people see? They see Jews denying them their civil liberties, they see Jews libelling them, slandering them, they see Jews pushing race-mixing. And so on.

Now let us consider *Searchlight* and in particular Gerry Gable's two-way traffic with the British Secret State. We have already alluded to the 1976 *Spearhead* article by Martin Webster. (43) What was in effect here, and still is, is an organisation staffed by Jews that trades information with such organisations as M.I.5., does its dirty work by smearing "subversives" - of the extreme left as well as the extreme right - and is given carte blanche to carry on its own contemptible activities. Again, the anti-Semites see a Zionist (or Jewish) conspiracy at work. This is something of which both *Searchlight* and its paymasters in the Secret State are well aware. Indeed, it is a belief they go out of their way to foster because they know full well that only "Nazis" and the lunatic fringe will believe such rubbish. And while people are blaming the Jews, they will not be looking for the real enemy.

It would be possible to elaborate on all the preceding, but if the penny hasn't dropped by now, it never will. The *Searchlight* Organisation then is not an anti-fascist or "anti-*racist*" organisation, nor does it campaign against anti-Semitism or any other form of hate, intolerance or bigotry. Rather, it is a cynical attempt to exploit anti-Semitism in order to destroy our freedoms, Western Man's institutions, and indeed, Western Man himself.

*Searchlight* is not unique, indeed there are many other organisations in Britain and elsewhere with similar aims. The so-called "defence committee" of the Board of Deputies of British Jews is one of them, and of course there are many non-Jewish organisations, including many which are not involved with racial and Jewish issues, whose *raison d'être* is people control. It cannot be denied however that *Searchlight* - the magazine, the organisation and the people who run it - have made a career out of hatred and lies, and that they are a major cause of organised Jew-hating in Britain today. For this reason they must be exposed, isolated, and cut out of our media like the cancer they are. In particular, all sincere Jewish support for this organisation must be withdrawn. but that is a step which only Jews themselves can take.

## Recognising And Combating Jewish-Inspired Racial Hatred

We have demonstrated here I think that *Searchlight* is basically an anti-Aryan organisation (44) and that it is the unconditional racial hatred of its controllers for Western Man which is responsible for inciting hatred against all Jews. (45) Much anti-Semitic propaganda is based on collective guilt, the smearing of all Jews on account of the dastardly deeds of a few bad apples. Organised Jewry however would have us believe that the Jews have no bad apples, and that even the most anti-social or even murderous behaviour is excusable provided only that the perpetrators are Jewish. (46) This is no more apparent than in the field of race relations, which has been virtually hijacked by Jewish hatemongers, the classic example of which was the late and unlamented Maurice Ludmer. The

campaign to destroy individual rights, and a crusade to destroy Western Man, and ultimately all races save one. In December 1946, Christopher Mayhew, then a Foreign Office official, received the following anonymous epistle:

Mr Mayhew, Under Secretary, Foreign Affairs, London. Remember the very words of the great Stephen S. Wise "We are going to get a Jewish state soon in Palestine" and we fighters from Lahome Herut Israel, add "Also against the decision of the British Foreign Office".

Don't forget that the Jewry defeated with your British assistance the bloody and damned Nazis i.e. the first Germanic nation, and don't forget too that its now your turn as the second arrogant Germanic nation to kiss our feet.

We are determined this time to squash you British sons of a bitch and we declare war to the finish against the British.

For every Jew you stinking British pigs kill in Palestine you will pay a thousandfold in fetid English blood.

The L H I has passed sentence of death on the British pig Mayhew.

The execution will soon take place by silent and new means.

Signed Lahome Herut Israel. (47)

Shortly after this letter arrived a letter bomb campaign was instigated, but luckily Mayhew was not targeted. Christopher Mayhew has been a lifelong supporter of the Palestinian cause, and his book *Publish it not...The Middle East Cover-Up* (48) lifts the lid off the black veil of censorship Organised Zionist Jewry has long effected over the Western media by the ruthless exploitation of Jewish influence in the media, by persistent lobbying and by unremitting hate and smear campaigns.

It goes without saying that if such a letter had been sent to *Searchlight* (49) it would have been interpreted as rabidly anti-Semitic. Mayhew, charitably, dismissed his missive as crank mail, possibly because, like the overwhelming majority of people, he believes, erroneously, that racial hatred is all on one side. This again is due largely to the work of Jewish propagandists and hatemongers.

Jewish racial hatred, whether of *Aryans* as in the case of *Searchlight*, or of the Palestinian people and Arabs generally, should be no more acceptable than hatred of Jews by Gentiles. Any Gentiles. As with *Searchlight*, the way to combat this evil is first and foremost to recognise it, to expose it, and finally to cut it out. The people who will make the loudest noise about this are, as always, the servants of political Zionism, who conveniently interpret any attack on any Jew or Jewish organisation as anti-Semitism. In reality, these people are political gangsters who hide behind the name Jew. An attack on "a Jew" or on "the Jews" is no more an attack on all Jews than an attack on "the Americans", or "the British" or "the police" is hate or bigotry. Indeed, the police are attacked all the time for brutality, harassment, corruption, much of the time with justification, yet they don't whine, wail and scream over how much everybody hates them.

## The Searchlight Educational Trust

Let us now briefly mention the Searchlight Educational Trust. This is arch *Aryan*-hater Gable's latest venture. According to records filed at Companies' House the Searchlight Educational Trust was incorporated in London on July 31, 1992. A number of respectable people were recruited as dupes to make up the board of directors; these include Carrie Supple, a teacher and author of a book on the *Holocaust*; Robert Purkiss, a black TGWU official and director of Ocean Sound Radio; and Kenneth Leech, a clerk in holy orders. One person missing from the board of directors of the SET is Professor Michael Billig, currently on the faculty of social sciences at Loughborough University. Probably because Searchlight shareholder Billig is anything but a dupe. This distinguished Jewish professor is in fact the author of one of the nastiest smears Searchlight has ever produced. In 1979, he published *Psychology, Racism & Fascism*, which used Searchlight's usual guilt by association to label such distinguished psychologists as Hans Eysenck, Nazi fellow travellers. (50)

The correspondent of the Searchlight Educational Trust is Mrs Sonia Gable. Interestingly, Mrs Gable was a member of the National Front, the National Party and the League of St George in her previous incarnation of Sonia Hochfelder. And she never made any secret of her ethnic origins at the time either, so there can be no question of her having been some sort of "mole" à la Ray Hill. (51) Nor could there be any question of the future Mrs Gable being or having been a self-hating Jew because she was even then a passionate Zionist. (52)

One of the professed goals of the Searchlight Educational Trust is: **THE PROMOTION OF GOOD RELATIONS BETWEEN PEOPLE OF DIFFERENT RACES AND RELIGIONS.** This is indeed a laudable aim, but one which is totally at odds with the cartoon reproduced on page 10. This appears in *Searchlight* every month. When the current writer published a similar cartoon of *Searchlight* editor Gable (see front cover) he was falsely accused of anti-Semitism, specifically of being part of "a long-running campaign by unknown anti-Semites to 'incite hatred against Jews.'" (53) This was a typically libellous allegation by one of the leaders of Organised Jewry in Britain, and one which he has since had cause to regret.

The cartoon I published was in an entirely different context, but it is difficult to see any reason at all the cartoon of French politician Jean Marie Le Pen was and is published by *Searchlight* other than to incite hatred against the wicked *Aryan goyim*. The natural reaction of this sort of sustained attack by Jewish hatemongers and their *goy* fellow travellers is for white nationalists to attack Jews, which they do. This is then used by *Searchlight* as justification for further attacks on the wicked *Aryans*, which in turn leads to further anti-Semitism, and so on. Rather than attacking Jews for the sins of Gerry Gable and his fellow hatemongers, the correct response is to isolate *Searchlight* like the cancer it is as a prelude to destroying it.

### The Strange Case Of Einherjar

In August 1993, shortly after the publication of *At War With Society*, a Nazi fanzine called *Einherjar* was mailed out to right wing extremists. Peppered with obsessive anti-Jewish language, this publication amounts to an advertisement for *At War With Society*. Larry O'Hara has accused the Searchlight team of publishing the document as disinformation. (54) Regardless of Searchlight's and Gable's Secret State agenda, if this publication originated with them, as it may well have done, O'Hara is missing an important point, the racial hatred angle. Not only do Jews like Gable hate *Aryans*, they literally invite *Aryans* to hate Jews, often with considerable success. The current writer mentioned this document to an anti-Zionist rabbi who said that it wouldn't surprise him if it had indeed emanated from *Searchlight*. "It's their *raison d'être*", he said. (55) He was referring specifically to anti-Semitism, but there can be no doubt that Searchlight's need to be hated by the *goyim* is only part of the equation, the other part is the almost pathological hatred its Jewish controllers have for the *Aryan* race. Again, this illustrates the necessity of isolating and removing this cancer, this parasite on the Jewish people themselves, and this spiritual malaise of Western Man.

### Why Organised Hatred Has The Appearance Of Conspiracy

"I DON'T BELIEVE IN THE CONSPIRACY THEORY OF HISTORY...I've been accused of just such beliefs the moment I pointed out that a great many forces were converging in a single direction. They don't have to conspire if they have the same world view, aspire to similar goals and take concerted steps to attain them." - Susan George (56)

The Searchlight Organisation is only one of many "Jewish" organisations worldwide which preach fanatical hatred of Western Man and his system of government and democratic institutions, and campaign tirelessly for the abolition of all three. The professed agenda of such organisations is the abolition of racial hatred, intolerance, anti-Semitism and the mythical disease of *racism*. Their real agenda though is so transparently obvious that it can hardly be called hidden. The smokescreen they use is the rhetoric of "anti-racism". Space does not permit an examination of their dogma here, but it will suffice to say that they believe firmly in compulsion to achieve their evil aims. This involves the abolition of free speech, the enactment of laws governing employment quotas for ethnic minorities, censorship, the suppression of race science on the spurious pretext that it is "Nazi", and a host of other things.

It must again be stressed that it is not only Jewish organisations which are involved in this worldwide campaign; whether or not the driving force can be said to be Jewish remains to be seen, but the inescapable fact is that many,

many "racial Jews" exhibit a barely disguised hatred of white skin, and the Searchlight Organisation is unquestionably the nastiest domestic example of this.

There exists an enormous body of anti-Semitic literature which attempts to tie all Jews into some worldwide conspiracy through such organisations as the Board of Deputies of British Jews, the Anti-Defamation League of B'nai B'rith and the Alliance Israélite Universelle backed up by various updates and interpretations of the *Protocols of Zion*. It would be uncharitable - and erroneous - to dismiss all such authors and theorists as anti-Semitic cranks, in reality they are often sincere people who are trying to build a coherent world view out of something they rightly regard as undemocratic and sinister, and inexplicable by any means other than world conspiracy. Order and organisation often have the appearance of conspiracy, but, as I think has been clearly demonstrated here, there is no conspiracy at work, only blind, unreasoning hatred, and a mind-set which has ensnared the greater part of mankind by the ruthless promotion of lies, censorship, fanaticism, emotional blackmail and every dirty trick under the sun. It is this which is our spiritual malaise, the bane of all mankind, and it is this naked tyranny against which we must all struggle, and from which we must seek to liberate both Western Man and the rest of the human race, including of course the Jews themselves.

The protests of the Searchlight Organisation, the Board of Deputies of British Jews ad nauseum that any opposition to their tyranny is "anti-Semitism" is exposed for the naked lie it is. It is their own interests (and perverted ideology) they seek to protect, not those of their co-racialists, and certainly not those of the non-white peoples of the world whom they ruthlessly exploit as cannon fodder, grist to the mill of their evil goal of destroying the hated *Aryans*.

### Jewish Racial Hatred: The Hypothesis Stated And Tested

Just as many whites exhibit hatred in varying degrees towards non-whites, especially blacks, and as Gentiles of many races hate Jews in varying degrees, so too do Jews hate *goyim*, but especially *Aryans*.

The loyalty of these "Jews" (57) is to their own race, their own organisations or to the state of Israel. Hard core Zionists are loyal *only* to Israel. Other, "radical", Jews become involved in the Trotskyite international. (58)

Various agencies of government and subversion have long recognised this weakness of the Jewish character and have ruthlessly exploited it, particularly the Soviets (59) and more generally the communist international. (60) Jews and persons of Jewish origin have been recruited as plausibly deniable agents of espionage, counter-intelligence and mischief-making. When they have been used to do the dirty work for the communists, the cry of anti-Semitism (ie Jewish/Zionist conspiracy) has been enough to silence all detractors, or if not to silence them then to bracket them with the lunatic fringe. (61)

Testing this hypothesis is a little difficult, but we can do it by using the method of *reductio ad absurdum*. Let us consider the facts and examine the alternative theories:

The facts are as stated, the Jewish role in communism, "anti-fascism", the promotion of forced race-mixing and other forms of subversion is well-established. It is possible that there is a) a biological basis for this; b) a socio-historic one; c) that it really is a worldwide conspiracy; d) that it is idealism or misplaced idealism which attracts so many Jews to this sort of activity; e) that it is the very antithesis of idealism which attracts them, and that in addition to this they are deliberately recruited by agencies of subversion, be it the Secret State, the communist international or whatever.

The biological explanation as expounded by, for example, Lincoln Rockwell in his magnum opus *White Power*, (62) is one that is overtly anti-Semitic, but not necessarily untrue. However, Rockwell's thesis that all or virtually all evil is Jewish is too naïve to warrant further discussion here. Similarly the ravings of Eustace Mullins, whose numerous anti-Semitic tracts are not to be taken seriously, perhaps even by himself. The socio-historic explanation is not one that should be dismissed lightly: as well as some of the world's great subversives and villains the Jews have produced some of the world's greatest chess players, actors, and, Karl Marx excepted, some of the world's genuinely great economists, Ludwig von Mises for example. (63) Nevertheless, this theory is not quite tenable because Jews have been involved in this sort of activity worldwide.

The conspiracy explanation is the one which has the most appeal because, its detractors claim, it is simplistic. In other fields of study however we are told that the simple explanation is the one we should always look for; in science this is known as the law of parsimony or Occam's razor. And so we should look for simplicity here, but the reality is that a conspiracy only looks like a simple explanation. For a conspiracy: Jewish, Zionist or whatever

to operate globally without some sort of central organisation is just about impossible. Who makes the policy? Who gives the orders? How are they relayed? And so on. Another reason for rejecting a purely conspiratorial explanation of the machinations of Organised Jewry - including the Searchlight Organisation - is that to do so does the likes of Gable an enormous injustice. It presupposes that they are not capable of hate, malice and chicanery on their own initiative, that they have to wait for someone else to instruct them. This is surely not the case.

That leaves only the idealistic explanation or the mercenary one. Anyone who reads the poisonous screeds of Gable and his co-racialists in the "anti-fascist" and "anti-racist" movements with a little bit of will savvy will soon realise that the last thing that motivates them is idealism. They literally drip over with hatred, particularly hatred for any form of racial integrity. When exhibited by the *goyim*, that is. The hatred is all too obvious, the only question that needs to be answered is: do they hate for the sake of it or are they paid for their endeavours? The power and influence Searchlight and similar organisations wield in the media and over national policy will suffice to answer that. In short, they are anti-*Aryan* hatemongers who are employed by our new masters (64) in much the same way their ancestors were employed by the rulers of yore. Anti-Semitism is thus exposed as a colossal red herring, one which is encouraged, fermented and ruthlessly exploited by Jewish subversives themselves. For this they deserve the contempt of all mankind, and especially of their innocent co-racialists, who in Biblical fashion have suffered for the sins of their "brothers" to the Nth generation.

If this hypothesis sounds absurd, it should be noted that Jewish self-hatred is a well recognised phenomenon. Anti-Zionist Jews are often smeared as such by Zionist Jews for having the gall to attack their hatemongering co-racialists for condoning, or at best ignoring, the oppression, torture and murder of the Palestinian people. Gable himself has smeared the anti-Zionist Jew Tony Greenstein as such. Greenstein is a Trotskyist and fellow traveller of Larry O'Hara. In this connection it should be noted that whites who have attacked the brutality of the South African security services, or even that country's apartheid policies, have never been attacked as self-hating *Aryans*, even by the John Tyndalls of this world.

## The Unstated Premise Of Anti-Semitism

Another point the reader might like to consider is that in every "academic" study of anti-Semitism - those which are not smeared as anti-Semitic - the entire blame for Jew-hatred is always placed on the *goyim*. This is almost the case with that other - and in this case imaginary - disease, *racism*, although here it is possible to find occasional acknowledgement of anti-white racial hatred, in blacks for example. Ironically, such acknowledgements, and condemnation, are usually reserved for Black Separatists such as the more militant elements of the Black Muslims. Like White Separatists, these groups are not necessarily race-haters, but literally Separatists.

As far as anti-Semitism is concerned though, there is never a whisper that any Jew may at any time be motivated by hatred of the *goyim*, or more specifically of *Aryans*. Not only is no mention ever made of it, it has never even been mooted that such hatred exists! Anytime Jews do react with hatred - or violence - towards the *Aryan goyim*, such behaviour is interpreted as an excusable - or even commendable - reaction to anti-Semitism. Condemnation of physical attacks by Jewish thugs on the likes of Robert Faurisson has been muted, where it exists at all, and even then the tendency is to blame the victim, in Faurisson's case for daring to suggest that any Jew could be less than truthful about the *Holocaust*. (65) Many other *Aryans* have been viciously assaulted with even less "provocation".

## REFLEX REPORTS FRANCE

Reflex is the French equivalent of Searchlight. It publishes a magazine and carries out excellent research and analysis of the far right in France. Its staff have a strong sense of international cooperation and have agreed to exchange articles with Searchlight on a regular basis.

Would-be football club director Martin Wingfield (right) sporting old school tie, with his mate Paul Marriott, would-be member of the human race and better known for his activities in the Ku Klux Klan and territorial army than for his former membership of the National Front when led by Wingfield.

Top: *Searchlight's* controllers openly display their hatred of the wicked *Aryans*. This "cartoon", reprinted from the French race-hate magazine *Reflex*, appears regularly in Gable's hate sheet. Similar stereotypes of Jewish communists, "anti-fascists" and race-mixers are routinely branded anti-Semitic. Bottom: White Separatists - all White Separatists - are also routinely branded anti-Semitic, *racist*, bigoted, ad nauseum. Some, like the young man pictured here, are stereotyped as sub-human the same way genuine white racial bigots stereotype blacks and other non-whites. This is how *Searchlight's* Jewish "anti-fascists" and *goy* fellow travellers depict *Aryans*, all *Aryans* who don't endorse their specious poison of forced race-mixing and no platform for anyone who disagrees. *Searchlight* even attacks Black Separatists and Jews - like Rabbi Mayer Schiller - who think white people (*Aryans*) have a right to exist. With "Jews" like Gable and his fellow mischief-makers spewing out their poison through the mass media it is small wonder that Jews are hated.

## Anti-Semitism, The Fallacy Of Bad Apples And The Whining Corruption Of Organised Jewry

If a Jew lends money, all Jews are usurers. If one Jew is a participant in a financial scandal, the Jews are manipulating the economy...There are Jews everywhere. We can be blamed for everything." - American Jewish Libertarian Aryeh Neier (66)

Although Organised Jewry and their powerful allies and dupes greatly exaggerate the perceived threat of anti-Semitism, there are most definitely people all over the world who hate Jews. Not all of these people are cranks or bigots, some, the Palestinians for example, have more than a case to answer. The reality though is that there are probably fewer genuine anti-Semites among the Palestinians - percentage-wise - than there are in the United States and Britain. The Poles are quite possibly the most anti-Semitic nation on Earth, indeed, a reading of the wailing-and-gnashing-of-teeth *Jewish Chronicle* for the early Nazi era gives one the distinct impression that, along with Julius Streicher, the Poles were considerably more feared and hated by the Jews than Hitler.

The role of Jews in the spread of communism has been a major cause of anti-Semitism in recent history. Conspiracy or no conspiracy, and however much they may whine and wail that communism is not Jewish, there is no denying their role. (67) Historically the Jews have been up to their necks in conspiracy, usury, revolution, you name it, the Chosen Race have done it. But so have the *Aryans*, the white races of non-Jewish ancestry. Between 1450 and 1700, as many as 100,000 people were executed for witchcraft. (68) In Northern Ireland, 2,618 people killed and more than 33,000 injured between 1969 and 1987. (69) This is what the *goyim* do to each other. The histories of some peoples is far less bloody than those of the whites and the Jews; the Inuit for example, principally because they have no history at all to speak of. Attempting to quantify evil on a racial or national basis is absurd, it is even more absurd to do so on a sexual basis. Almost all the atrocities in history have been committed by or at the behest of men. True, there has been the odd monster like Elizabeth Bathory, (70) but any anti-Semite who wants to make out a real case against the Jews will find it far tougher going than making out a case against the male of the species. (71)

*Protocols of Zion* and other nonsense aside, the case against the Jews is made out principally on their bad apples, of which there are many, and of which the Searchlight Organisation is undoubtedly one of the worst examples. But the problem is exacerbated considerably by the whining corruption of Organised Jewry who rather than apologise for or face the reality of their bad apples, refuse stoically to credit that there are any. In January 1983, the short-lived radical Labour Party newspaper *Labour Herald* published, among others, a cartoon of the then Prime Minister of Israel, mass murderer Menachem Begin, in Nazi uniform. (72) The caricature was grotesque, but nowhere near as grotesque as Begin himself. The reaction of Organised Jewry in Britain - represented by the so-called Board of Deputies of so-called British Jews - was to report the publisher - radical leftist Ken Livingstone - to the Attorney General with a view to prosecution under the notorious - and mainly Jewish/Zionist-inspired *Race Relations Act*. (73) Wisely, the Attorney General took no action. (74) One wonders how many years the Board of Deputies would like to have seen Mr Livingstone sent to prison for.

This is the reaction of Organised Jewry worldwide: anyone who attacks any Jew is attacking him *as a Jew*. No matter how heinous the crimes of the individual concerned. It is for this reason more than any other that the Jews are hated.

## The Prosaic But Ugly Truth About The World Zionist Conspiracy

There exists in English, French, German and Russian an enormous body of conspiracy literature relating to the Jewish Question. And in quite a few other languages as well; the *Protocols of Zion* has been translated into every language from Finnish to Arabic. It was once the most widely distributed book in the world bar only the *Bible*! (75) In October 1992, an advertisement for a book was published in the Japanese financial press which claimed that the Jews were behind the Japanese stock market crash and that they were plotting to overthrow the Japanese Imperial family! (76) If such a book had been published accusing the Mafia, (77) the IRA or some Colombian

drug cartel of attempting to destabilise Japan, no one would have taken the slightest notice, but because the conspiracy was laid at the door of the Jews, as ever the reaction was one of hysteria. (78) Conspiracy and nonsense aside, the basis for the more rational beliefs in the World Zionist Conspiracy are Jewish financial and commercial hegemony, Jewish influence in the media, the role of Jewish "radicals" and Jewish influence generally.

Jewish financial hegemony is a reality, or at least it was historically. Banking, especially "international banking" has been to a great extent dominated by Jewish families. (79)

The name Rothschild has become virtually synonymous with "international" banking. (80) Jewish commercial hegemony does not exist; in the free market the consumer is sovereign; no one *has* to buy from Jews, so if Jews appear to dominate the market, they must be doing something right. (81) Jewish influence in the media is again far from a myth. At one time *every studio in Hollywood was owned by Jews*. (82) Jews are also well represented in both the American print and telecommunications media and the British media, and, of course, Searchlight. Anyone who mentions these inconvenient facts will be immediately branded anti-Semitic. But since when was it hate to state the plain, unjaundiced truth? Again, many people seeing this massive Jewish presence in the media believe it to be a conspiracy. And again, many people simply have no idea about how human beings - and the media - really operate.

Conspiracy or not, it would be foolish in the extreme to imagine that a medium, any medium, with such a heavy Jewish presence did not to some extent reflect Jewish aspirations. And shortcomings. To suggest otherwise is an insult to the intelligence, and this is just what Jewish organisations and individual Zionists and "anti-fascists" do. Writing as long ago as 1939, one author stated candidly that "...anyone who cares to investigate the Jewish question soon finds that fear of Jewish influence is a very potent silencer." (83) And he hit the nail bang on the head when he said, "The argument of Jewish propagandists to the effect that Jews are not really powerful, and that they are not really wealthy, only further arouses anti-Semitic fury, because this denial is a refutation of the obvious." (84)

The heavy presence of Jews in the media, in politics (85) and in "anti-fascist" organisations obviously counts for something. The deluge of anti-*Aryan* propaganda spewed out by Hollywood since the end of World War Two is living testimony to the former: the films of black actor Sidney Poitier are appalling examples of racial hatred, as is the fictionalised monstrosity *Holocaust*, and the laughable fantasy *Roots*. In the United States, Zionist groups spend hundreds of millions of dollars every year lobbying on behalf of the state of Israel. Can it really be that all this money is wasted? Any suggestion that Jews work together, that they scratch each others backs, that Jews in high places pull wires, or, more often are leaned upon by their co-racialists to grant them special privileges, is immediately condemned as anti-Semitism. (86) On the other hand, it is recognised that other groups, political, racial, both and neither, engage in the same tactics. The influence of Freemasonry in local government, the police force and other institutions is well documented. Like the power of Organised Jewry it may be grossly exaggerated by propagandists, by cranks or by people who haven't researched the subject properly, but it is real nevertheless. The power of the press is real, ditto the arms industry, the police force and so on. None of these groups always get their own way, but when they don't, it's never for want of trying.

The bottom line of the World Zionist Conspiracy is that there are a lot of Jews in high places, in the media, in various positions of power and authority throughout the world, and occasionally they scratch each others' backs. Or, frequently in the case of many, and constantly in the case of Organised Zionist Jewry. To recognise this and to state it is not *anti-Semitic* or an incitement to hate Jews as Jewish leaders and "anti-fascists" would have the world believe, it is simply making an honest statement of fact. But honesty like integrity are strangers to Jewish leaders, who, like the Searchlight team, are the world's master liars, its greatest hypocrites, and care, ultimately, only for themselves, and the remorseless aggrandisement of power.

## Communism, Zionism And Judaism

A final word is in order with regard to the conspiracy literature. The conspiratorial and fascistic nature of Zionism has been well documented by a number of recent studies, some of which make the *Protocols of Zion* look tame by comparison, and most of these books have been written by people who could not be smeared as anti-Semites by any reasonable person. (87) (This does not of course include Jewish leaders). Communism and Zionism have common ideological roots, the prophet of both was the German Jew Moses Hess (1812-75), contemporary of Karl Marx and author of *Rome and Jerusalem*, (1862). But this hardly proves the Jewishness of communism; Nazism

and communism also have common ideological roots: the founder of fascism, Benito Mussolini (1883-1945), was a one-time socialist, and as fascist leader of Italy he appointed several Jews to positions of power in his government. (88)

The anti-Talmudic literature, including the outpourings of one-time anti-Semite Eustace Mullins, is, to put it politely, total rubbish. Mullins' screeds were totally disingenuous, (89) but other people genuinely believed, and continue to believe, that the Jewish religion is the hub of the great conspiracy. This has been largely due to their attempting to forge links between religious *Torah* Jews, and subversives who just happen to be of Jewish origin. (90) The reality, of course, is that there are none. If you were born in Nazi Germany and were of "good German blood", you could have become a Nazi. Today, if you were born in the Diaspora and can prove yourself of Jewish origin, however tenuously, then you can become a Zionist fanatic. The Jewish religion plays no part in the Zionist "conspiracy", it is simply a mast to which the Zionists nail their flag, and, of course, it is a very convenient one because any criticism of their mendacity can be immediately denounced as anti-Semitic.

In short, the Jewish religion has been hijacked by a vicious, fascistic movement hellbent on world domination, or at the very least silencing all opposition to its evil ends. The Zionists are not, for the most part, Jews in any meaningful sense of the word, but are political gangsters who exploit the name Jew for their own filthy gain. (91) That is all there is to it. More than that, the Zionists actually hate the Orthodox, as any real Jew will tell you. (92) This makes their condemnation of and incessant whining about anti-Semitism even more hypocritical.

## Appendix: The Gable Memorandum

The text of this now notorious document is reproduced here in full. This particular version is taken from *Lobster*, issue 24, December 1992, pages 3-4. Spelling, punctuation, errors and layout have been preserved as far as possible. (93) This, together with *Searchlight's* other activities, in particular Gable's smears on Libertarians, anarchists and prominent Conservatives, tends to confirm the claim of one of its unwitting recruits to the current writer that the Searchlight Organisation is run not by misguided idealists or even by Jewish fanatics but by freelance hatemongers who will smear anybody for a few shekels. (94) And the Jews of course will take the rap. Which is clearly what Gable and company want.

### LONDON WEEKEND TELEVISION

From Gerry Gable  
Date 2nd May, 1977  
About Agencies  
To Julian/Mike Braham/Barry Cox (Please keep these reports secure)

Phil Kelly was a member of the Young Liberals who in the sixties joined what was known as "the Red Guard". Young Liberals like Peter Hain and Peter Hellyer went against the traditional Liberal line and started campaigning along lines more akin to the Radical left. They stood out against the Vietnam War/Apartheid and for the Palestinians against the Israelis. At home they were for direct action on housing and other evils in our society.

In the first place, as I understand it, Kelly was an odd fish in the rather middle class Young Lib circles, he had a strictly working class background.

He was up to his neck in various campaigns in 1967. The Biafra aid set up was one of them. He was also seen frequently during that year at the offices of the Vietnam Solidarity Campaign. It was suggested that in either late '67 or early '68 he travelled to Cuba and was trained as was "Carlos" during the same period. Certainly Cuba held a Tri-Continental conference at that time involving many third world and Latin American states where Cuba was active in spreading their own brand of revolution. It is suggested that parallel to the conference, an extensive course of training in Guerilla warfare and Espionage took place. If the latter is true, then certainly Cuba's own Secret Service would have been aided by the KGB on the espionage side of the courses. In the early part of 1969 Kelly was seen at the Soviet Trade Mission in London.

## A FRESH LOOK AT ANTI-SEMITISM AND WORLD CONSPIRACY

I think that around this time he worked on the Hornsey Journal or another paper in that area, then he moved to work in the new radical press - being a familiar face at Black Dwarf/Seven Days and later Time Out. Hellyer and some other Young Liberals got very involved with the Palestinians around this time and in the summer of 1969 Kelly went to Jordan, not, as he told people, to see the refugee camps, schools and medical aid groups, but to a proper Fatah training camp. Members of the Baader Meinhof group also attended these camps and learnt their bombing and killing skills in them. Kelly was taught firearms/explosives and went out on some treks to the Israeli border with Fatah patrols.

Around this time, returning to London, Kelly acted as a cheer leader on several Arab demonstrations in London and during fighting in one of them he was seen to kick a policeman.

But although he seemed firmly in the left camp, a number of odd things about his attitude towards a person he knew to be hostile to the left are rather strange, on several occasions he could have blown the cover of a man who had infiltrated the Palestinians and some left groups. This man ran into him time and time again, including once at a function organised by the Cuban embassy in London. Kelly was seen on Irish Rights marches the night the Ulster office was attacked, medical aid for Vietnam, Portugese meetings and even a demo over Anguilla.

Wherever he worked on left journals he always seem to get into a position [section illegible, but probably "had access to the"] names and addresses of subscribers. Reports from left watchers state that he has been to Cuba, America, East Germany, Jordan and Sofia in Bulgaria for a Peace Conference. In the early seventies he went to work in West Germany and was away for around two years, I understand that he worked as a sports reporter (he was there at the time of the Munich massacre). He also had a German girl friend whose name is either Gerde Jager, or Jaegar, the daughter of a rich lawyer. She is said to be close to SWAPO operations in Western Europe and tied up with something named "Informist"?

Back in Britain Kelly worked at Time Out and was instrumental in introducing Mark Hosenball to stories that are part or even all of the reason for his deportation order. Around Time Out a group of Americans, Kelly, Duncan Campbell (the technology freak), plus Crispin Aubrey and John Berry (not just a former Army signals clerk, but a former member of British Military Intelligence) began to operate.

More than a year ago Kelly started to work for Interpress Services, a press agency of which he appears to be the sole employee in this country.

Even some of the left watchers here thought that this agency was set up at the time of a Third World Conference held in Colombo in Sri Lanka a couple of years ago and that in some way it is connected with the Yugoslav State Press Agency. However our checks reveal that it was set up in Italy in 1968 as a press co-operative and the directors are South Americans and Italians, one of the original people before Kelly at this end was John Rettie - a man I still have to check out but was in some KGB scandal in Moscow some years ago.

The last return made by the co-op shows an annual turn-over of a quarter of a million pounds sterling, although it precedes Kelly's joining them (at least officially) salaries are shown as only two thousand per annum.

Hosenball, who to my knowledge was always keen to meet any new contacts, told me that he had refused to meet Kelly's contacts in Germany but would say no more. He was also prepared to tell me that the co-op was, as he understood it, set up by some Chilean Christian Democrats who in more recent times dropped out to be replaced by the Iraqis, although no signs of this appear on the company house records. Hosenball is frightened to tell me more about Kelly and it is almost certain that Kelly could blackmail Hosenball to keep silent. Since the Agee/Hosenball expulsion notices were issued, Kelly is often being seen more and more running round organising things. When Hosenball made it clear that he did not wish to be used as political cannon fodder, Kelly wrote an attack on him that appeared in the *Leveller*, a radical magazine.

This is not all that Kelly has done for the *Leveller*, he has also produced material on West Germany for them about the trials of the Terrorist groups.

The arrest of Campbell/Berry and Aubrey has caused a civil rights row, but according to my top level security sources, they inform me in the strictest confidence that for about four years Campbell, Berry and Kelly and others have been systematically gathering top level security material. Campbell, who claims to have only an interest in technological matters in as far as the state is involved, had done four years detailed research into the whole structure of the other side of not only our Intelligence services but those of other NATO countries. He has also gone to people who work on top security contracts and started off by asking them about open commercial work their companies do and then gradually asked them for information on top secret work, including that on under-water detection hardware, which he clearly knows is beyond the pale.

Politically it appears that the group have no one political guiding light or line, but Kelly is suspected of being the KGB man who reaps the goodies gathered by people who are possibly as disapproving of the KGB as they are of the CIA. [Two words illegible but probably "Other teams"] like this have been operating in France and Sweden.

## A FRESH LOOK AT ANTI-SEMITISM AND WORLD CONSPIRACY

(Agee has been in contact with the Swedish set up.) The security services feel that once the real nature of this case begins to emerge they expect people like Jonathan Aitken will fade away fast. The security service accepts that a number of decent people have been signed up to support these people on civil rights grounds and they also unofficially accept all the short-comings of the act that they have been held under, but they say they are sure this has gone well beyond the bounds of Press Investigation.

Hosenball, although supposedly having his differences with Kelly, was party to a strange chat between Kelly and Steve Weisman at Granada's Christmas party. They were going through a list of contacts and what Hosenball's reaction would be if he were asked about them. I could not catch the names but when one name came up all three of them seemed very keen to keep it out of the hearing.

Hosenball got extremely angry with Malcolm Southam of World In Action when asked about a man named Karl Von Metre, thought to be an American living in Paris, and would not talk about him. Hosenball's Paris trips are a mystery.

He told me two years ago that the reasons for his Paris visits were to go through files taken from a Portuguese office of an extreme right wing group that used a press agency as a cover. At the time of the army take over in Portugal they had been seized and taken to Paris. However, my own investigation showed that the files were not in Paris at all had never been taken out of Portugal, so why lie? His contact in Paris is Frederick Laurent, a young man who works for the left wing paper *Liberation* and who lives in very grand style in a huge Paris apartment.

When Hosenball and Kelly had hold of the Crozier material they were very keen not to check out right wing connections but to trace phone numbers they felt belonged to Secret Service establishments etc. Hosenball also went to Spain, I think to track down one of the people mentioned in the Robert Moss letters, but despite all this research most of what they got was not appearing in print anyway. Kelly was not happy about Searchlight using the documents and I think Hosenball, who had done work for Searchlight on various occasions, felt embarrassed by his attitude.

Kelly's current girl friend is Dorothy Jones who works for the People's Press Service or News Service, a sort of Agitprop outfit. Kelly moved into a house in Hemmingford Road, Islington, some time last winter. He shares it with Richard Fletcher who is on the London Co-op Education Committee, (strong links with East Germany) this is at 104 Hemmingford Road, N7.

I went to the house one dark winter night just after they had moved in. I was with Mark Hosenball and the reason for our visit was to get some more photocopies of the Moss letters.

When we arrived, a man who I thought must Fletcher came to the door. The building is a shop, basement and upper part, it was in a bad state of disrepair and the man was plastering or something like that. He said to Mark "there is a caucus meeting, Phil's up top". Mark told me to hang on and ran upstairs to the top floor. Being a nosy bugger I followed and in the top floor front room were about seven or eight men, no women, all seated on cushions on the floor with no centre light.

They were a mixed age group. I didn't recognise any of them and they did not seem to know me. Kelly looked at me staring in over Hosenball's shoulder and leapt up and pushed us out of the room. He said to Mark in a low voice "Why did you bring him here?" and Mark waffled on about not being able to contact him in advance and I needed the letters that very night as Searchlight was going to press on the next day. Kelly took us to the basement and produced the papers and then ushered us out as quickly as possible.

I have now given the names I have acquired to be checked out by British/French security services, especially the French and German connections and the South American stuff is being checked by Geoffrey Stewart-Smith's institute. He has strong CIA links. I may try somebody in the Israeli Foreign Office that I know for some checks on Kelly. It is now a time of waiting for feed-back and also further checks here.

I have attached a number of documents including a transcript of Kelly's interview with World in Action. It goes without saying that I would like this kept strictly secret.

If Churchill had accepted instead of pursuing his fanatical vendetta against the Nazi leader, the war would have ended in a negotiated settlement, and the Jews would have been expelled from Europe instead of thrown into Auschwitz and other camps. Countless millions of lives, Gentile and Jew, would thus have been spared.
- (7) On pages 13-6, Irving lists a *WHO WAS WHO IN HUNGARY*; out of a total of 56 names, 28 were Jews. On page 47, quoting an American sociologist, Irving says "The Communist leaders were perceived as Jews by almost 100 per cent of the people we have seen." He also makes the point that the *big Jews* in the Party leadership trampled on Jewish businessmen and manufacturers, (page 48). [*UPRISING! ONE NATION'S NIGHTMARE: HUNGARY 1956*, by David Irving, published by Veritas, Australia, Second Printing, (1986)].
- (8) The Institute of Race Relations' pamphlets *Roots of Racism* and *Patterns of Racism* are particularly vile examples of this poison; they are even more vile because they were published for the specific purpose of brainwashing schoolchildren.
- (9) An anti-Semitic document, probably of Tsarist origin, which was circulated in Russia at the turn of the century to incite pogroms. It purports to be the minutes of a secret meeting of Jewish plutocrats. Although it has been refuted time and time again, the bigoted and the gullible continue to claim that it is genuine, or that if it is false in fact it is true in spirit.

- (12) This is not intended as an apology for Nazism. Although the exact number of people - Jews and Gentiles - who died in the Nazi concentration camps is a source of continuing controversy and heated debate, only a fool or an outright liar would dispute the reality, that many people were murdered in these camps, including the camps in Germany. But another point only a fool or a liar would dispute is the fact that the German camps, in particular Belsen, were wilfully misrepresented by Allied and Jewish/Zionist propagandists as extermination camps. In reality, the thousands of people who died in Belsen, Dachau etc were largely victims of typhus and mass starvation rather than mass murder. This has long since been conceded. See for example *The Relief of Belsen*, published by the Imperial War Museum in 1991.

## A FRESH LOOK AT ANTI-SEMITISM AND WORLD CONSPIRACY

In this connection it should be never be forgotten that 12,000 Jews died fighting for Germany in World War I, they too were the victims of anti-German hate propaganda, which at that time emanated largely from Gentile sources. Anti-Semites always conveniently overlook such facts.

(15) This is an anecdote which Gable has doubtless repeated many times. See in particular *Life in the shadow of the fascist threat*, by Martin Shipton, published in the *Northern Echo*, September 2, 1989, page 6 and *Relentless searchlight on hunting the hated*, article/interview by David Winner, published in the *Jewish Chronicle*, October 23, 1987, page 10. However, like almost everything else Gable spouts about "fascists", it is garbage; there was no Mosleyite schoolteacher and he wasn't stoned by anyone. For a documented expos of this Gable-esque fantasy, the reader is referred to *JEW-HATERS, BLACK-HATERS, VIOLENT CRIMINALS, HYPOCRITES, AND LIARS CONDEMNED OUT OF THEIR OWN MOUTHS: A Guide For Teachers And Educators To The Criminal Conspiracy Known As The Searchlight Organisation*, by Alexander Baron, published by Anglo-Hebrew Publishing, London, (October 1994).

(16) Ibid.

(17) Or so Gable has often claimed; it was actually founded as late as 1965. For the early history of the original "Searchlight Association", the reader is again referred to Baron, *Jew-haters...*, (op cit).

(18) Jordan retired from active politics in the mid-seventies; Lincoln Rockwell was assassinated in 1967. No subsequent "Nazi" leader or demagogue has shown either Jordan's charisma or Rockwell's dynamism.

(19) As far as possible I have italicised the word *Searchlight* only when it refers specifically to the magazine, as per the usual convention.

(20) For a brief resumé of Column 88 see *Searchlight on a Searchliar...* by Alexander Baron and *The Truth About "Searchlight's" Information Network*, both published by Anglo-Hebrew Publishing, 1993. For an analysis of the Notting Hill Carnival bomb plot, see *Notes from the Underground: British Fascism 1974-92, Part Two*, by Larry O'Hara, published in *Lobster*, pages 15-21, issue 24, December 1992.

(21) These allegations were comprehensively refuted. See *Lies, damn lies...and Panorama*, by Robin Oakley, published in the *Daily Mail*, March 16, 1984, pages 22-3.

(22) See *Private Eye*, May 29, 1987, page 8, (*MR GERALD HOWARTH APOLOGY*); December 22, 1989, page 6, (*Reginald Gulliver-Buckingham An Apology*); and June 7, 1991, page 7, (*MR JAMES ROSS*). It has been suggested that Gable actually believed this rubbish about Gerald Howarth and that he was set up by his manipulators. Gary Murray, a former M.I.5. operative repeats the canard in his 1993 book *Enemies of the State*, albeit in a heavily censored form. But Murray also refers to Gable as a respectable veteran journalist and praises his "expert research", which hardly engenders confidence in the efficacy of the security services.

(23) *THIS MAN IS DANGEROUS*, published in *CANDOUR: The British Views-Letter*, Vol. XXI, No 503, September, 1970, page 180. After an exhaustive investigation, the forgery was originally convincingly exposed in the United States as long ago as February 1958 by the *Washington Evening Star* newspaper.

(26) See *I AM NOT A FASCIST says author who was tricked by anti-Nazis*, published in the *Islington Gazette*, January 17, 1964, page 8. The other man in this case was Manny Carpel. In April 1981, while working for *Searchlight*, Carpel was jailed for two and a half years for a politically related arson. When Gable and Carpel stood trial for the November 1963 burglary, a third man, also Jewish, was acquitted.

(27) Re the claim - by Manny Carpel - that he and Gable (and the third Jew with them, who was acquitted) were looking for material to hand over to Special Branch, this claim was almost certainly bogus. For a comprehensive analysis of this (and the background to the Gable memorandum) the reader is referred to *Searchlight On Gerry Gable: Secret State Asset Or Liability? A Critique Of Larry O'Hara's Flawed Conspiracy Theory*, by Alexander Baron, published by Anglo-Hebrew Publishing, London, (August 1994).

This is one of Gable's favourite words, and one which he uses to smear all and sundry as *racists*, fascists, Nazis and fellow travellers. In his case though the "links" are well documented.

[See *Relentless searchlight on hunting the hated*, (op cit)].

(32) In his lie-ridden autobiography \* Hill claimed he "established friendships with "a couple of Jewish chaps" who had been extremely kind to my family and myself when times had been hard." For "been extremely kind" read "they gave me money". These "Jewish chaps" were later identified as leading South African Zionists.

(39) The idea that all Jews are rich is a colossal fallacy. See for example *Poor Jews: An American Awakening*, Edited by Naomi Levine and Martin Hochbaum, published by Transaction Books, New Brunswick, New Jersey, (1974).

(40) Although a number of *goyim* have worked for it in the past and continue to, the important, inescapable fact, is that Searchlight has always been both Jewish-owned and Jewish-controlled.

(41) This applies not just to race of course but across the board socially. For example, most people prefer the company of people of their own age, family, hobbies and business aside. This does not mean that the old hate the young or vice versa. Indeed, it is often considered unnatural for people to have relationships - especially sexual relationships - across the generation barrier.

(42) For an analysis of Searchlight's smear technique and a partial listing of some of its many lies and mistakes the reader is referred to *Editors! Are You Being Fed A Load Of Bullshit?*, (op cit).

(43) *Spearhead*, June-July 1976, pages 6-8 & 17, (op cit).

(44) I don't like that word but in this context it is probably the most accurate one to use. Throughout the whole of the Nazi era, reports on the situation in Germany published in the *Jewish Chronicle* which referred to *Aryans* always put the word in quotation marks, and the tone was inevitably contemptuous.

(45) Britain's hard core anti-Semites believe that all Jews support Searchlight, when probably most of them are not even aware of its existence.

(46) How much louder would the protests against the 1982 Sabra and Shatila massacres have been if they had occurred not in the Lebanon but in South Africa? And what if British soldiers had murdered children in Northern Ireland in circumstances similar to those murdered by Israeli "soldiers" during the *intifada*?

(49) The magazine does indeed receive quite a volume of hate mail, not unreasonably in the case of Gerry Gable.

(50) *Psychology, Racism & Fascism*, by Michael Billig, published by A.F. & R. Publications, Birmingham, (1979). The smear on Eysenck is particularly disingenuous as Gentile Eysenck is not only a refugee from Nazi Germany but both a Jewish supremacist and married to one!

Billig has been replaced by Dr Anthony Kushner, yet another Jew and like Billig an "academic"; Kushner is cut from the same cloth as Gable.

(51) A correspondent writing to the League of St George journal *League Review* in August 1978 complained thus: "Dear Sir, I am heartily sick and tired of Jew S. Hochfelder's ceaseless efforts to force this troublesome tribe of self chosen people down our throats...Must their infiltration, whining and take-over be put up with even in the last bastions of white-racial circles?"

## A FRESH LOOK AT ANTI-SEMITISM AND WORLD CONSPIRACY

(55) It is significant I think that in spite of prompting from O'Hara and a written invitation from the current writer, Gable has not to date either issued a libel writ or sought an injunction against *At War With The Truth*.

(56) Susan George in *A FATE WORSE THAN DEBT*, (page 5), published by Penguin, Harmondsworth, Middlesex, (1988).

(57) It must again be stressed here that these people are for the most part nominal Jews and certainly not the pious, religious Jews who devote their lives to studying the *Torah* and use it to interpret the world as it is today. It must also be stressed that there are no proper racial criteria for Jewishness in the same way there are for Negroes or Chinese, for example.

(58) It is ironic that these "racial Jews" are often among the greatest critics and enemies of the state of Israel; their hatred is not so much of the *goyim* or *Aryans* as of their own white skins.

(59) In his excellent study of alien and subversive influence in the United States just after World War Two, John Beaty points out that the rulers of Russia were well aware of this weakness of the Jewish character: "It is significant that a number of documents from the Russian Embassy specifically note 'Jew' or 'Jewish' in entries on their relevant Canadian agents or prospective agents..." \* After commenting that no one should really be surprised that certain American Jews of European origin would readily betray the country that had given them shelter, Beaty stresses that in his opinion "the really guilty parties are those Americans of native stock who, for their own evil purposes, placed the pro-Soviet individuals in positions where they could connive at the stealing of American secrets of atomic warfare". \*\* (His emphasis). In other words, people other than the communists readily recognised this flaw in the Jewish character. \*\*\*

\* Page 35, *The Iron Curtain Over America*, by John O. Beaty, published by Wilkinson, (1951). This book has of course been routinely smeared as anti-Semitic. Beaty is quoting here from a report of the Canadian Royal Commission, which presumably was also anti-Semitic!

\*\* Page 35, (ibid).

\*\*\* Gary Allen's runaway best seller *None Dare Call It Conspiracy* and W. Cleon Skousen's *The Naked Capitalist* give an insight into the reasons highly placed (and wealthy) Americans of native stock would have employed such subversives, Jew and Gentile, for their own ends.

(60) Just because the Berlin Wall has collapsed and the Soviet Union appears to be making strides towards a market economy does not mean that the battle against communism is over. As every intelligent conspiracy theorist knows, the real goal of the communist "conspiracy" is not communism but socialism, ie the planned economy. And planned people.

(61) An interesting book which covers this phenomenon from an American perspective is *Dangerous Liaison: The inside story of the US-Israeli covert relationship and the international activities it has served to conceal*, by Andrew and Leslie Cockburn. Here, the authors present evidence that the Americans have been only too willing to allow the Israelis to do the dirty work for them, not only in the Middle East but in Africa and indeed in the Americas, south of the border.

(62) See *White Power*, by George Lincoln Rockwell, Second Edition, (September 1977).

(63) Other races also have more than their fair share of over-achievers in various fields: the Chinese are master table tennis players, Negroes boxers, and so on.

(64) Or in the case of Searchlight, freelance hatemongers who sell their services to the highest bidder.

(65) In 1989, Professor Robert Faurisson, a small man in his sixties, was attacked by Zionist thugs, fired tear gas in his face, kicked him in the head, broke his jaw, fractured his skull, broke a rib, and poured acid on his face. *La Memoire des Juifs* claimed responsibility for this outrage. \* Other Holocaust Revisionists have also been assaulted, including Jewish Revisionists.

(71) This is the specious logic of militant "feminists". The now thankfully defunct "wimmin's" magazine *Spare Rib* was a prime example of unconditional hatred masquerading as anti-fascism. But rather than *Aryans*, Jews or

## A FRESH LOOK AT ANTI-SEMITISM AND WORLD CONSPIRACY

blacks, the hatred of this motley crew of lesbians and left wing fellow travellers was directed at men, principally but not exclusively white, Anglo-Saxon, middle class men.

(72) *Labour Herald*, January 7, 1983, page 5. Although it supported the Labour Party, *Labour Herald* was never an official Labour Party publication.

(73) The whining of Organised Jewry was particularly venal in this instance. Leaving aside the proven atrocities of this kosher butcher, if the cartoon could be said to be anti-Jewish it was also anti-American, and other cartoons on the same page were equally unflattering, including one depicting the Falklands War. Time and again this message is drummed home to the *goyim*, that Jews are a "special" people, and that their race deserves special protection and special privileges. With leaders like this and "anti-fascists" like Gable it is little wonder that they are hated.

(77) Although the Mafia exists in a real sense, it is not an hierarchical, autonomous organisation as many authors have made out. It is more a state of mind. The IRA most certainly exists in a literal sense, but although there is some hierarchy to it, it is basically a collection of murder and terror gangs operating in a cell system over which, ultimately, no individual or group of individuals exercises, or can exercise, complete control.

(78) Like the IRA, the Mafia and the Colombian cartels, Zionism is a cancer. The difference is that it operates on an international scale and with spurious legitimacy.

(79) See in particular *Our Crowd*, by Stephen Birmingham, published by Macdonald, London, (1986). The author identifies an élite of German-Jewish families of New York: Lehman, Lewisohn, Kahn, Straus, Goldman, Warburg, Guggenheim, Seligman, Loeb, Sachs, Schiff.

(80) Banking though has been by no means a Jewish monopoly. See for example *Outrageous Fortunes: The Story of the Medici, the Rothschilds, and J. Pierpont Morgan*, by Cass Canfield, published by Harcourt Brace Jovanovich, New York and London, (1981).

(81) Just as it is a colossal fallacy that all Jews are involved in some megalithic conspiracy, so too it is a fallacy that all Jews are rich. See for example *Poor Jews*, Levine and Hochbaum, (op cit).

(82) For the full extent of Jewish power in the movie picture industry the reader is referred to *The Jewish Image In American Film* by Lester D. Friedman and the embarrassingly titled *An Empire of their Own: How the Jews Invented Hollywood*, by Neal Gabler. Both authors are Jewish.

(86) In its October 15 1993, issue (page 40), the *Jewish Chronicle* reported that at a recent meeting of B'nai B'rith, Lord Lester, who, it boasted, was "one of the architects of Britain's Race Relations Act", had clashed with Jewish Home Secretary, Michael Howard. It seems that the hatemongers of international Zionism will not be satisfied until they have destroyed all free speech on race issues in Britain. Howard though told them where to go.

(87) Three of the more significant and important are *Publish It Not...The Middle East Cover-Up*, by Martin Adams and Christopher Mayhew; *They Dare To Speak Out* by US Congressman Paul Findley; and *The Zionist Connection*, by the anti-Zionist Jew Alfred M. Lilienthal. An extremely interesting book is *Uncomfortable Questions For Comfortable Jews*, by the late Rabbi Meir Kahane. Kahane, a fanatical Zionist, makes exactly the same claims about the leaders of Organised Jewry as the anti-Semites except that he feels that Jewish leaders don't go far enough!

(89) A full discussion of Mullins' work would take us far afield. (90) A good example of one of these "anti-Semites" is the American ideologue Elizabeth Dilling, a fellow traveller of Henry Ford, and a recipient of his largess. Mrs Dilling's ravings - eg *The Plot Against Christianity* - are as sincere as they are insane. A much more tragic example is the sincere but extremely gullible Lady Birdwood who has been

dragged into court twice by the hatemongers of Organised Jewry for trying to alert her fellow Christians to the Jewish conspiracy.

(91) The full quote is "Among the worst enemies of the Jew is the political racketeer and gangster who uses the name of his faith for his own filthy gain...Anyone who dares to link the name of *Jew* with any political organization ought to be scourged and excommunicated. They are the vilest type of professional Jew." - Rabbi Stephen Wise, American Zionist, quoted in the *American Hebrew*, page 539, May 11, 1934.

(92) Hence the derogatory term "ultra-Orthodox", meaning those Jews who like under Jewish law (*Halakhah*) and believe that the state of Israel can only be established by the Messiah.
