25th August 1993,

To all our Readers,

When we started Anglo-Hebrew Publishing we had intended to publish pamphlets and books principally on anti-Semitic fabrication, refutations of libels on the *Talmud*, the myth of Jewish communism etc. However, due to events which happened shortly after we sent out our first tranche of fund-raising letters, we have taken a policy decision to change the direction of our work. We will still be exposing anti-Semitic libels, but our first priority will be to expose the cancer of Zionism, which is a greater threat both to the survival of *Halakhah* and to world peace than any bunch of anti-Jewish hate-mongers churning out their poison in a remote corner of Sussex.

The Arab peoples have long recognised political Zionism for what it is, and increasingly the rest of the world is beginning to recognise it for this too: an international criminal conspiracy responsible for the oppression, torture and murder of the Palestinian people and the expropriation of their land. (1) Only the Jewish people worldwide do not realise this, and seek to rationalise Zionism as some sort of mystical in-gathering of the lost tribes of Israel to their ancient homeland where they will rule over the *goyim* until the Messiah comes.

Fortunately, now even the Jews are beginning to wake up, albeit slowly, especially in Israel. Unfortunately, throughout the Diaspora, the tentacles of the Zionist octopus are as numerous and as strong as they ever were, and they have already been directed at us with all the wailing and gnashing of teeth we have come to expect from a people who have made a religion out of paranoia and justify every act of aggression against innocent parties as a necessary pre-emptive strike against the Satanic-inspired incarnation of Amalek whom they must destroy in order to ensure their survival.

We are not taking this lying down however and are fighting back. If you would like to help us there are things you can do besides sending us a donation:

Write to Mike Whine, the Defence Director of the Board of Deputies of "British" Jews, and ask him why, in 1991, his organisation exerted pressure on the government to prosecute the sincere but misguided Lady Birdwood for distributing calumnies on the *Talmud* when it has hardly raised its voice above a whisper over the continued murder of Palestinian men, women and children by the Israeli government. Ask him why the Board of Deputies thinks a frightened old woman like the Dowager is a threat to the survival of Jews when the Israeli government is not.

Write to the Board's press officer, Louise Michaels, at the same address: The Board of Deputies of British Jews, Woburn House, Upper Woburn Place, London WC1H 0EP. Better still phone her. And Mr Whine. They can be contacted on 071-387 4044.

Write to Julian Kossoff at the *Jewish Chronicle* and ask him the same questions concerning his paper. Better still, phone him, his number is 071-405 9252. But be warned, he told us to f\*\*\* off

and he might say the same to you. Hardly the sort of language you'd expect from a nice Jewish boy, is it?

Write to Paul Condon, the Metropolitan Police Commissioner, and ask him why he is more concerned with pandering to the unregistered agents of a foreign imperialist (and fascist) power than in tackling genuine racially motivated crimes like the spate of as yet unsolved murders in South London.

The following are only three of the more than thirty children murdered by the Israeli security forces since December 1992:

Rana Abu Tuyur, an 11 year old girl, was murdered on her way to buy milk on 19th December 1992.

Maher al-Maja' idah, aged 8, was murdered on 20th March 1993.

Ra' edah al-Qarra, a 13 year old girl, was murdered on 8th April 1993. (2)

Ask Paul Condon if he knows the people who put him up to raiding the home of one of our editors and confiscating his equipment have remained silent over - and thereby condoned - these terrible crimes.

Write to or phone Inspector John Brown, also at New Scotland Yard, and ask him the same questions.

Phone Detective Sergeant Chris Chaney at Holborn CID and ask him the same questions.

Write to or phone Gerry Gable, the publisher of *Searchlight*. This magazine, which calls itself *The International Anti-Fascist Monthly*, has been published continuously since 1975. Ask Mr Gable why in the past eighteen years he has not published a single article condemning the oppression of the Palestinian people: the illegal military occupation, the massacres of civilians in Lebanon, the arbitrary arrest and torture of dissidents or the shoot-to-kill policy of the Israeli security forces since the *intifada*.

Ask Mr Gable why he finds anti-Semitic leaflets published by overweight homosexuals more offensive than the cold-blooded murders of Arab children. Mr Gable and *Searchlight* can be contacted on 071-284 4040, fax 071-284 4410, or by post care of the Home Office, 50 Queen Anne's Gate, London SW1. (Please mark for the attention of Mrs Rimington - M.I.5.).

(1) This seems to be a good working definition of Zionism, and we will be doing our best to popularise it.
