

International False Rape Timeline - hangout (41) - Powerful Predators And Pathetic Women

This was recorded on September 19, 2020 and uploaded to Bitchute then YouTube the following day in the small hours.

I began with some discussion of the hangout the previous night with Jack Rebolledo, the only (half) successful live hangout I have managed so far on Google Meet. You can find Jack on the Timeline.

As well as some general background on these types of allegations, I covered - the latest (non-rape) allegation against Donald Trump; Bill Clinton; Harvey Weinstein, Peter Saunders; men in uniform including police officers; power imbalances.
