

## ***International False Rape Timeline – hangout (65) –***

### ***In Memorium***

**This pre-recorded hangout begins with a tribute to my first site sponsor; Paul Todd died March 8 too young at 61. I also gave some background to my websites; my main website was 22 years old on April 8, 2022.**

**I covered news stories, some of them not so new, from the Isle of Wight to Australia. The press officer I contacted in connection with the serial rape allegation re the Isle of Wight was female, not a dude as I said here. The other case from the Isle of Wight is absolutely disgusting. The sexual harassment allegations against the actor Noel Clarke are mentioned, and the Marilyn Manson case. A recent documentary was discussed; this included Rolf Harris and Jimmy Savile.**

**The suicide cases discussed included Jay Cheshire and his mother; Hannah Stubbs; Luke King; head case Clare Cruttenden and quite a few others.**

**I finished with a non-rape case, that of serial false accuser Zoe Sun and an acknowledgment to my Australian correspondent.**
