

International False Rape Timeline live hangout (12) - Tales Of Trafficked Women

The discussion begins with mention of the odious Connors family - convicted slavers. The four narratives of prostitution are covered, the mendacity of Mackinnon and Dworkin, the Nordic model, and the ludicrous rhetoric of both second and third wave feminism.

The revived lies of Cyntoia Brown as peddled by Amy Goodman of “Democracy Now” compared with the official findings of fact.

Prostitute, murderess and serial false rape accuser Emma Humphreys. (The man she murdered is alleged to erroneously as Trevor Humphreys rather than Trevor Armitage).

Linda Lovelace - the porn star who had sex with a dog; Virginia Roberts - the former prostitute who came back for more when the money ran out; Carol Knuth - fantasist extraordinaire; Natasha Herzig - yet another former prostitute who sought to blame her descent into depravity on her pimp. And Terry Williams, who murdered two homosexuals and was then portrayed as an abused child instead of the violent thug he was. The International False Rape Timeline can be found at this link:
