

## ***International False Rape Timeline - hangout (43) -***

### ***Halloween Surprise***

**This was recorded in the small hours of October 29, 2020 and uploaded to YouTube on October 31, then to Bitchute.**

**It covered the following subjects:**

**the two recent videos:**

**The JUNK SCIENCE Of JIM HOPPER**

**and The TRUTH About JIMMY SAVILE.**

**I gave some brief details of the latter.**

**I covered the case of Jack Mount who recently died aged 100. I haven't reached any conclusions on that yet.**

**Greville Janner, who is still in the news.**

**The use of CCTV and film generally in rape and other investigations.**

**More of the nonsense of Women Against Rape. And a refutation of it!**

**Rape Crisis Scotland and their latest mischief-making, interfering in the recent alleged Cyprus gang-rape case.**

**A dubious historical case from South Africa - not on the Timeline.**

**The case of American serial rapist Kellen Winslow. I played some audio of that, and of a couple of anti-sex trafficking airheads from YouTube espousing ludicrous narratives and even more ludicrous statistics.**

**The American actress Charisma Carpenter, a genuine rape victim.**

**The persecution of John Leslie, a case I discussed in some depth along with some discussion of how claims of sexual impropriety are embellished, using this as an example with documentation from the tabloid press.**

**The Emma Humphreys Memorial Prize, which I will probably cover in a future video.**

**A short rant against feminist victim narratives with particular reference to the case of Lisa Montgomery, who as things stand will be executed on December 8 for the truly shocking and horrific murder of a young pregnant woman.**

**I finished with some general talk about the Timeline.**
