Victims Of Masonic Ill-Treatment

1 May 1999

Anyone criticised or maligned in these publications has a guaranteed right of

reply. JMF or P2 Lodge UK stands for the hierarchies of the Judaeo/Masonic

Faction. The ordinary Mason and Jew are as likely to suffer from the machinations

of the JMF as non-Masons and non-Jews are.

TO SCOTTISH VOTERS

We hope that you will see through the spin-doctors. Remember Keir Hardie. Send Blair's mountebanks away with a flea in their ears. 'Ye manna' tramp on a Scots thistle'. Show Bomber Blair that a kilt is not a skirt. Stand up and be counted

Warning:- Do not vote for independence lest Bomber Blair starts launching cruise missiles, partly paid for by yourselves, on the Forth Bridges and Holyrood Palace.

MORE HARASSMENT OF AL BARON

In spite of having charges against him dropped by the CPS at Tower Bridge on March 26, Southwark Police are continuing to retain Alexander Baron's computer. His machine was stolen - seized in their parlance - on September 24 last year. Southwark CID also took every floppy disk they could lay their hands on. The pretext for this was that someone had distributed a pamphlet, which mentioned Baron, and it was assumed that he had written it! In reality it was an attempt by a corrupt detective - who is currently under investigation for perjury and perverting the course of justice - to prevent him from mounting a successful appeal against a spurious conviction for harassment. After Baron's solicitor contacted the police at the beginning of November to request its return Baron was advised first that he could collect it, then he was told by the so-called investigating officer "I've found something on your computer and I have to make a decision". Perhaps that should read "I have to make a decision about what to find on your computer"

Comment:- We would prefer to publish the name of the policeman who is under investigation since he could have other victims. This Mr Baron has had some harsh things to say about the Board of British Jewish Deputies. He has crossed swords successfully with the man behind anti-Nazi Searchlight magazine. This would suggest that he might have views that very much to the right of centre. If anything is guaranteed to enforce anti-Semitism it is unlawful actions by the police and the courts to silence the voice of protest before it has been heard. There is never justification for police frame-ups in such cases. They simply reinforce the convictions and stiffen the resolve of the protesters. They generate corruption amongst police officers in other areas unconnected with anti-Semitism or neo Nazism.

BERNARD GOUGH AND ROBERT OWEN

These two men are inventors who have earned phenomenal amounts of money for Britain. Mr Gough invented the Asemaster, an automated mechanical handling system for storage. Robert Owen developed the Flowen system for converting used oil to high quality low sulphur fuel oil. Mr Gough was swindled out of his royalties and Mr Owen had an identical experience. Lloyds Bank pulled the rug from under Mr Gough. Barclays Bank did the same for Mr Owen. As usual the Liquidators of their companies looked after their own and themselves. Forged documents were used in both cases. Bent judges, counsel and solicitors proliferated in the courts with Nicholas Lyell, the Lloyds swindler,
