**The case of a 15 year old girl who was raped in Croydon, and how the police reacted, a shameful case.**

**The case of an American teacher who was given a Draconian sentence for having it off with a 13 year old boy.**

**The case of a rapist who forced a woman to fellate him, and wished he hadn't!**

**A false case of indecent assault by a girl in Ohio against a teacher.**

**Ronan Farrow, his new book, and the claims about both Harvey Weinstein and Matt Lauer.**

**I mentioned Diana Davison and her Lighthouse Project.**

**The fall of Democratic Congresswoman Katie Hill.**

**The horrific rape of Kelly McGillis and the effect it had on her.**

**The shameful prosecution of teenager Jamie Griffiths for sexual assault.**

**I had some strong words to say about Jessica Valenti. And I was not the only one, as I pointed out here!**

**I took another swipe at Rape Crisis, in particular the lies on the website of Surrey & Sussex Rape Crisis Centre.**
