

that they are HIV positive OR via testing to be certain that they are NOT. Each of us must make a personal decision whether to ask for proof or not.

Most of us tend toward caution and recommend all others to do the same.

(17) Personal Services ? = There are those who offer massage etc, social escorts, "discipline", B&B nudist holiday breaks Etc Etc. for a bit of pocket-money, and as long as they are honest we don't consider that it should concern us at all. Personal arrangements between members are entirely private.

(18) Photo-copying ? = We have available an A4 - A3 photocopier so can now supply discreet copies of documents (or sketches + "some" photos etc). Same size, enlarged or reduced - as required.

(19) Typing/ Word processing ? = As we do have appropriate equipment we "can" convert a certain amount of material from transcript form but our equipment is in fairly constant use - doing club work So if any of you have a W.P. and would consider doing such work for other members - we would like to hear from you.

(20) Fees / Costs Etc ? = We would very much like to be able to abolish all fees BUT we live in the real world and such a dream will have to remain in the realm of "fantasy" -at least for the time being.

One important point we have decided should be explained "before" you decide to join us - is that we are "NOT" a procuring service. We offer the best facilities we can but DO NOT guarantee that you will find the particular person (or persons) you may be looking for.

T.U.S.C. is a "Club" not a contact agency so the more members who are willing to take an "active" part, the better it will become (for all of us).

No application form is enclosed because it asks questions some might find too explicit and we have NO wish to offend.

Contact Agencies offer membership with forms consisting of 10 or 15 trivial questions - we believe that's because they have little or no real interest in their members.

WE "are" greatly interested in our members and believe it's important to (at least try) to understand your desires, needs and fantasies - as well as your interests and general attitudes to other people. So our application form (& subsequent member's voluntary questionnaire) are quite comprehensive (we believe).

To request the Form + more Explicit details please do complete and return the enclosed slip.

If Broadminded and sexually liberated you have nothing to lose - your only commitment is to receive a package of sexual & explicit material.

We do look forward to hearing from you,
Yours,

Brian & Samantha.

* T.U.S.C. *

* THE ULTIMATE SOCIAL CLUB *

* FOR VERY BROADMINDED AND UNINHIBITED ADULTS *
* Address - PO Box 31, ROMFORD, ESSEX, RM3 0PW *

Dear Enquirer,

thank you for answering our advert.

T.U.S.C. is a unique kind of club, most Adult Clubs (& Contact Agencies) exist mainly to enhance the finances of those running them, our primary purpose is very different.

We exist in order to provide and facilitate many services to TRULY broadminded, unusual, occult, bizarre & Sub/Dom sex-oriented people.

Contact Magazines (in general) are less than keen to carry our advertisements - they fear a "clash of interest" (loss of their OWN income) and use the excuse of "the obscene publications act" to greatly inhibit what they will permit us to say.

As our adverts usually end-up as quite ambiguous, we receive quite a few enquiries from those who would be better served by Dating/Marriage (& other) Agencies.

Because of that situation, we try to avoid initially sending any detailed or explicit material which might possibly be considered "offensive" (or perhaps even obscene) by more "ordinary", less liberated people.

This reply has been carefully written to present an "overview" of the club, briefly explaining our purposes/facilities Etc. Etc.

Great care has been taken to avoid reference to any area of sexuality which might be considered "sensitive" BUT the warning printed below is for YOUR benefit, T.U.S.C. is not a club for the Chicken-Hearted, Timewasters, Lazy OR Sexually Inhibited.

* T.U.S.C. is an EXPLICIT CLUB catering to those with a *
* "Serious" interest in The Occult, Paganism, Uninhibited Nudism, S&M, *
* Bondage and Sub/Dom, Plus:- those interested in Unusual, Bizarre, *
* + Lesbian and Gay Social SEX Activities Etc. *

We do NOT advocate or condone breaking the law. British sexual laws are often tyrannical, so we do try to provide as good a service as they will allow, but please don't ask us to break those laws as this would put the entire club in jeopardy.

We keep our costs at a reasonable level, avoiding expensive printing and glossy brochures etc, which means we have more funds available to provide those facilities wanted by our members.

We started some years ago as a small group of broad-minded nudists who enjoyed a variety of sensual/sexuality for the excitement and pleasure it gave. T.U.S.C. came into existence because we quickly realised that there are many more who share our views than we had been led to believe.

From within our growing group surfaced the view that too many lonely (& randy) people were (& still are) being "ripped-off" by "sharks" who

infest the entire sexual-contacts industry. From this majority-held conviction grew the idea that "we" could do better - not because we are "media" or "club" experts, but because we do share a broadminded view of nudity, the occult, sexuality AND because we "care".

During the last year "Advertising" costs have risen steeply, which has been a rather nasty shock - contact magazines charge about £45:00 to £60:00 per issue. Unfortunately we could not function effectively "without" the advertising so this year subscriptions have had to be modestly increased. (a necessary act we DO regret being forced into).

T.U.S.C. is a NON-PROFIT club, we are paid NO salary and employ NO paid staff. Those who work for T.U.S.C. do so because they "believe" in the principals of this club.

Some with a sincere interest in Sub/Dom, the Occult (+ Covens etc) and Nudism etc do NOT have sex as their primary objective though many certainly DO. We try to cater to both groups.

We cater for those who are complete novices, uncertain of their interest and perhaps a little nervous about becoming "involved" as well as those more committed people looking for others to share their interests and company.

Both encouragement, and caring advice is available to those needing them.

Some of the services and facilities we offer are listed below, the extent of the club's facilities have gradually expanded (partly due to pressure from members), we hope that the current range meet your hopes and needs.

So what does T.U.S.C. offer to prospective members ???? :-

(1) Personal Contacts ? = Yes we do offer contact between members, But we don't just supply a list of numbers and (mainly unhelpful) descriptions then leave you to it, we do more - much more. (details sent with application form)

(2) Newsletters ? = Yes 4 times a year.

(3) Photo-help ? = Yes, expert advice, D&P enlarging service, semi-pro photographer available (at cost).

(4) Local Groups Directory ? = We do list Swapping/Swingers Circles, Covens, Pagan Groups, Sub/Dom groups Etc. in the Newsletter.

(5) Video-copying ? = Is no problem. (VHS)

(6) Home Video Service ? = Yes VHS format top-quality camera (& Mc.) and experienced operator available (at cost).

(7) Member's Box Nos. ? = Of course, always !!.(names and addresses will NEVER be passed on).

(8) Letter (& package) Forwarding ? = Yes, please do enclose loose adequate stamp(s) for each letter.

* FORWARDING SERVICE IS FREE *

(9) Parties ? = Yes member's parties are advertised in the Newsletters (box No. only - no address given) so write in time for a reply !.

(10) Disco-Hire ? = We have 2 semi-pro mobile discos (+ lightshows) available for hire (London Area) to club members for uninhibited parties (owner/DJs agree to work for cost).

Discos required in "other" areas
Please contact Club Management

(11) Buy, Sell, Swap ? = Yes members may advertise items etc in the Newsletter - (WARNING - we accept NO responsibility for the quality or content of these items)

(12) Competitions ? = Yes we do hold regular competitions - photographic, fiction writing, video and drawing/sketching artwork. There is a high level of creativity within the club which we like to encourage. Prizes vary in value but are usually quite appreciated by the winner(s).

(13) Updated (new) Members Lists ? = Unlike other clubs we don't believe that our obligation to our members ceases when we've cashed their cheque !!!.

At 8 weekly intervals we have the unenviable (but necessary) task of producing the "updated members list". With our increased advertising this task is likely to grow - hopefully not beyond our capacity to cope.

(14) Unwelcome members ? = It would be a lie to say that "everyone" is welcome, there follows a list of some who would NOT be invited to renew membership :-

(A) Those who "rip-off" other members for personal or business gain.

(B) Those who consistently refuse to respond to members enquiry letters. (When sent stamp(s) & envelope(s)).

(C) Those who are deliberately abusive, threatening or offensive.

(D) Those causing trouble at parties, gatherings Etc.

(E) Timewasters, who lead other members into expecting a lot then renege. This can be more than annoying, it can be very expensive.

(F) Pests, who find out a member's name, address and phone No, then constantly "pester" them long after the relationship has expired.

(G) Those whos behaviour is likely to result in the club being disbanded/closed down by the police.

(15) We do NOT discriminate against ANY ethnic group NOR do we exclude the disabled from the club and Ageism is considered pointless. It's our belief that a person (male or female) from any race, with any disability of any age could turn-out to be an exceptional asset to this club so excluding them would not only be grossly unfair - it would also be extremely stupid.

(16) What about AIDS among other members ? = This does cause a substantial amount of concern.

For us to ignor this risk to the population of sexually active (& liberated) people would be very irresponsible.

On the one hand we don't wish to put members at risk from this fatal disease and on the other there is no way we can guarantee that any member is free of the virus. So we take what we believe to be a realistic stand on the matter.

It is the personal responsibility of each member to either "disclose"
