

Open Letter To The "Jewish Chronicle"

On May 14th last year an article was published in your paper which claimed that Anglo-Hebrew Publishing - and by inference myself - was both part of a long-running campaign to incite hatred against Jews and an attempt to con money out of them. The factual basis for this libellous allegation was that I and my collaborators had distributed a fund-raising letter containing a number of anti-Semitic cartoons in context. One of these cartoons was a picture of the Symbolic Snake of Judaism. On the head of this snake was superimposed the head of a certain Gerry Gable.

The falsity of this libel was brought to your attention, and to the attention of the so-called defence director of the Board of Deputies of British Jews. You told me to "Fuck off"; the Board of Deputies ignored me. A full refutation was published almost immediately. That did not prevent the police, led by a Jewish officer - surprise, surprise - from raiding my flat, confiscating all my equipment and files, and holding onto them for seven months, in spite of there being not the slightest evidence that I had been engaged in any sort of anti-Semitic campaign or fraud. Both you and the Board of Deputies withheld vital information from the authorities, and thereby lied by omission. Organised Jewry also hounded my Orthodox Rabbi friend until he severed all contact with me. Doubtless you laughed up your sleeves too. Now it's my turn to laugh.

Since the police raid I have published a number of pamphlets on the activities of the aforementioned Gerry Gable and his gang; both the *Jewish Chronicle* and the Jewish establishment have continued to lie about me and to libel me, ignoring the thoroughly researched exposés of the snake at their own bosom.

A number of allegations were made against me in the November 1993 issue of Gable's lie-ridden magazine *Searchlight*. Subsequently I was attacked on my own doorstep by three men with hammers. This fact was known to the *Jewish Chronicle* because the press was present when I served a libel writ on Gable at the House of Commons and announced that I was serving it for his allegedly having incited a racial attack on me. As Gable is a Jew and I am a Gentile, and as he is obviously motivated by racial hatred, I consider this to be a fair description. My contempt of Parliament was also reported by the *Jewish Chronicle*.

In spite of all these facts being known, the *Jewish Chronicle* published a further libel on me in its February 4th issue. In view of the previous attack and the wording of this article, I consider this to have been a wilful attempt to incite violence against me. Or worse.

The *Jewish Chronicle*, and Organised Jewry which it represents, have been in the forefront of the misnamed anti-racist movement. Almost every issue of the paper contains some wailing and whining over the *Holocaust* or the latest anti-Semitic "outrage", usually some half-wit who has been circulating an update of the *Protocols of Zion*. The message from Organised Jewry has always been that racial hatred must be opposed and that a man should never be judged or discriminated against by his race or the colour of his skin. Laudable as this position is, it is one that Organised

Jewry in general and the *Jewish Chronicle* in particular have themselves never practised. You have waged a hate campaign against me solely because I am a dumb *goy* and had the audacity to attack one of your own. And you have defended Gable solely because he is a Jew, or, more accurately, because he can claim Jewish descent. You have gone further than that, much further: you have attempted to destroy me for the sake of one poxy cartoon, and you have closed your eyes to Gable's evil campaigns against my fellow white Gentiles solely because in the struggle against eternal anti-Semitism anything goes.

I have now exposed Gable for the snake he is, an exploiter and fermenter of anti-Semitism rather than an enemy of it, and a far more deadly enemy of the Jewish people than the courageous but terribly misguided eighty year old woman you have hounded into court for a second time because she believes the Jews are plotting to take over the world and strives to save both her fellow Christians from the Jewish conspiracy and the Jews from their own folly. I have proved with my latest publication, on the synagogue arsons, that the tribal loyalties which are obviously so important to you do not exist for Gable, because he has lied to and deceived you in exactly the same way he has lied about anti-Semites and fascists, real and imagined. The proof is not some obscure and in your opinion surrealistic document like *The Leuchter Report*; the proof is contained in your own archive: press cuttings from the *Jewish Chronicle* and from Gable's own lie-ridden magazine.

My exposés of Gable and his gang are far from over, indeed they have hardly begun. But already, at this early stage, he has been totally discredited, and I have been vindicated. If truth, honesty, decency, and the good name of the Jewish people mean anything more to you than an on-going attempt to extract special privileges for your race, you will publish a full apology in the next issue of the *Jewish Chronicle*. This might also go some way towards mitigating the damages awarded against you when I sue you and the Board of Deputies for libel later this year. And it's no use giving me the silent treatment anymore than it is wailing and whining. Since the 1982 Lebanon outrages large tranches of the media and the public have woken up to the way you people operate, some of the stuff the SWP publishes reads like Nazi propaganda, and ordinary Jews now say the same things about you the crankier anti-Semites once said about them.

Boy dies in London yeshiva fire

JEWISH CHRONICLE REPORTER

A 15-year-old student lost his life when fire destroyed the Mesifita Talmudical College in Cazenove Road, Stoke Newington, London, in the early hours of Tuesday. Another student was seriously injured when he jumped from the burning building.

The boy who died was Wolf Katz, of Stoke Newington, whom firemen found huddled in an upper-storey room of the college.

The student who jumped from a second-floor window was Judah Gottesman, of Clapton. He broke his leg and was unconscious when taken to Hackney Hospital in a police car. His condition was said yesterday to be improving.

It was shortly after 4 a.m. when shouts and cries for help from the students in the college were heard by neighbours in Cazenove Road.

role. His greatest success came in the mid-60s with the arrest and conviction of 13 members of Colin Jordan's and John Tyndall's nazi groups for a series of synagogue arsons. Those convicted included Francoise Dior, Colin Jordan's former wife. Harry broke the gang by persuading one of its young members to give himself up to the police. At the Old Bailey the Judge at one of the three trials praised the work of Harry and his colleagues in stopping the arsonists — something the police had been completely unable to do for over a year.

NO INCENDIARISM AT YESHIVA

Jewish Chronicle Reporter

Fascists were not responsible for the fire which destroyed the Mesifita Talmudical College, Stamford Hill, last month, according to Scotland Yard.

Mr. David Weitzman, M.P. for Stoke Newington and Hackney North, told the *Jewish Chronicle* that the Assistant Commissioner of the Yard had written to him that "there is no evidence that any form of pseudo-fascist or similar activity is present in the district."

Careful inquiries had revealed that there was no evidence of incendiarism in connection with the fire. Mr. Weitzman had been informed by a number of his constituents of rumours to this effect, and he had asked Scotland Yard to investigate.

Arch-liar condemned out of his own mouth. Top left: what Gable told the *Jewish Chronicle*; top right: what he told *Searchlight's* readers. Bottom left: Gable didn't stand in "the burnt-out shell of that yeshiva at four in the morning" because the alarm wasn't raised until after 4am! In any case, the yeshiva fire was not part of any anti-Semitic campaign but was simply a tragic accident. Bottom right: the authorities went to considerable lengths to quash rumours of arson.
