GABLE GETS SHAFTED

SEARCHLIGHT: THEY DON'T LIKE IT UP 'EM!

ON THE evening of Wednesday November 12th, 1997, Gerry Gable appeared as guest speaker at St Nicholas Church in Deptford Green, South London. The meeting was organised by the Lewisham Jewish Community and was part of a two-week exhibition on 'Combating anti-Semitism'. However, when Mr. Gable arrived at the venue in question he got more than he bargained for. Outside the church gates, a heavily-disguised group of ENM activists had organised a picket in protest at the role played by Gable and his so-called 'anti-fascist' organisation.

JEWS AGAINST SEARCHLIGHT

Bearing placards claiming to represent a fictitious organisation known as 'Jews Against Searchlight', and complete with large yellow stars, our intrepid front group distributed copies of a leaflet entitled: 'Twenty Things Every Black & Asian Anti-Racist Should Know About Gerry Gable & The Searchlight Organisation'. The leaflet revealed that Gable and his fellow Zionist collaborators are guilty of racial prejudice themselves, insulting Blacks and Asians to such a degree that most Left-wing organisations no longer have anything more to do with the Searchlight Organisation. Meanwhile, the Jewish Mafiosi which run this vociferous outfit continue to associate with violent reactionary bigots like Ray Hill, whilst Gable himself has even admitted that his 100 contacts in the British National Party regularly seek to incite racial hatred. No wonder Gable chose to speak on 'Organised Racism in Britain Today' - the man speaks from personal experience. The leaflet had been specially designed by our friend Alexander Baron, an independent Libertarian researcher who has dedicated the last few years of his life to exposing the lies, thuggery and corruption which are the very hallmarks of Gable and his

ugly cronies. As a result, Al has had to endure a severe beating by hammer-wielding thugs and was later forced to spend several months on remand in Brixton Prison, waiting for the opportunity to clear his name in court and finally refute Gable's nasty little smears and insinuations once and for all. More recently, this insidious hatemonger was ordered to print a retraction in *Searchlight* magazine after falsely accusing Mr. Baron of breaking the law in November 1993.

SUCCESS

Finally, despite the fact that our activists came under the scrutiny of around eight police officers, two meat wagons, a Press association photographer, a few well-heeled representatives of the Board of Deputies of British Jews and the intimidating gaze of several Zionist 'heavies' - complete

with mobile telephones, walkie-talkies and steel-capped boots - the Deptford Green picket was a huge success and those involved obtained a great deal of satisfaction from turning the proverbial searchlight on Mr. Smear himself. During the past thirty-five years, Gable has got away with absolute murder although it is still fairly rare for him to appear at a public function. However, from now on whenever and wherever this piece of sub-human slime rears his ugly head we will be there to ensure that he gets the treatment he deserves. **The Searchlight Organisation has no real commitment to 'anti-fascism' whatsoever and plays a key role in the secret state's attempts to entrap both Right- and Left-wing activists by encouraging them to beat the hell out of each other rather than fight the real enemy - the political Establishment. Death to Fascism! Death to Searchlight!**

CALLING ALL NATIONALISTS:

PUT YOUR £££ WHERE YOUR MOUTH IS!

IT IS a sad fact that the members of the Anarcho-Left contribute far more of their earnings towards the 'anti-Capitalist' cause than those of us who are Racial-Nationalists. It is also a fact that increasing numbers of people continue to waste their money on the National Lottery, TV licences and Manchester United. Meanwhile, a small hard-core of Nationalist activists are having to pay the inevitable price for the vast majority of stingy, tight-fisted part-timers who think politics is all about leafing through *The Crusader* one Sunday afternoon and then waiting patiently until the *next* issue lands on the doormat. It's simply not good enough! Whilst those of you who *do* contribute to the Revolutionary Nationalist struggle may disregard this section altogether, the rest of you - *and you know who you are* - should get your fingers out and start bunging us a few quid. In this game it is all about self-sacrifice. Some people put in huge amounts of time and energy, others drive around the country to forge new links and contacts. Others still - *do bugger all*. Indeed, whilst some people are unable to become more active due to health reasons or having a sensitive job of some kind, this should not prevent them from contributing in a *financial* sense. **Have you got short arms and long pockets, or will you help us by sending an appropriate donation to the *one* Movement which can bring about genuine Revolutionary change in this country of ours?**

I would like to contribute to the ENM's financial appeal and enclose the following donation (please delete as applicable):

☐ £200 ☐ £150 ☐ £100 ☐ £75 ☐ £50 ☐ £25 ☐ £10
