

ZIONIST FANATIC EXPLOITS YOUR SUFFERING TO FERMENT ANTI-SEMITISM AND MAKE MONEY

Think I'll take the lads out
tonight and desecrate a
synagogue.

Above: Ray Hill, thrice
convicted thug and
desecrator of places of
worship.

Here's a fiver
for the aerosol cans, Ray.

Above: Gerry Gable, a "Jew" who
has been married three times,
each time in a Register Office.

In January 1980, the Jewish historian Dr Jacob Boas published an article in the magazine *History Today* about Nazi-Zionist collaboration at the start of the Hitler era. It was called *A Nazi Travels To Palestine*, and the title is self-explanatory. The Nazi exploitation of Zionism is well documented, as is the Zionists' collaboration with Nazism and their exploitation of anti-Semitism for their own ends. One Zionist however has not only sunk to collaborating with Nazis, but has over the past ten years exploited a Jewish tragedy for his own ends and to promote his own sinister agenda. In November 1964, a fire at the Mesifita Talmudical College, Cazenove Road, Stamford Hill, left one youth seriously injured and another dead. The youth who died was 15 year old trainee rabbi Wolf Katz.

The fire was reported in the local press at the time and in the so-called *Jewish Chronicle*. Because of rumours of fascist activity in the area, a thorough investigation was undertaken; police ruled out foul play, and in its December 22 edition, the local paper the *Hackney Gazette AND NORTH LONDON ADVERTISER*, published part of a letter from an Assistant Commissioner at New Scotland Yard to the local MP, David Weitzman. It read as follows: "Careful inquiries have been made into the suggestions of suspected incendiarism consequent upon an outbreak of fire at the above establishment. There is no evidence that any form of pseudo-fascist or similar activity is present in the district, or that this incident was perpetrated by any such local organisations."

The following year a number of arson attacks were launched against synagogues in the London area. One of these attacks was carried out by Jewish-born Aubrey Cadogan. He was gaoled for five years in November 1965, was obviously mentally unbalanced, and had no connection with the other arson gangs. These consisted of a number of young men who had been seduced by the wife of the British Nazi leader. They were sentenced to surprisingly lenient terms in February and April of 1966; in January 1968, Mrs Françoise Jordan was gaoled for eighteen months for her role in setting the fires.

The police were satisfied that there was no connection between the synagogue arsons and the accidental Mesifita College fire. The simple truth is that our society is full of sick people, some of whom have nothing better to do than desecrate places of worship. It is also true that accidental fires are a commonplace, through thoughtlessness, carelessness or whatever reason. That was the end of both these matters. Or it should have been.

However, in September 1984, a pro-Zionist hate magazine by the name of *Searchlight* made new and totally unfounded allegations concerning the Mesifita fire. In an obituary for a Zionist thug named Harry Bidney, the publisher of this magazine, one Gerry Gable, claimed that the Mesifita fire had been the result of an arson attack, and that Bidney had brought the perpetrators to justice. (He didn't name the college, but there is nothing else he could have been referring to). Harry Bidney was presented as some sort of hero; in reality he was a street thug with a long track history of gratuitous violence, and in August 1977 he was convicted at the Central Criminal Court of living off the earnings of prostitutes. And his employer was alleged to have procured a youth for him, a male youth; Bidney was known to be homosexual.

Gerry Gable is certainly a prolific liar, but he lacks the good memory required of an accomplished one, and in October 1987 he told the so-called *Jewish Chronicle* not that Bidney had tracked down and brought to justice the non-existence slayers of trainee rabbi Wolf Katz but that he himself had been responsible for this, and for tracking down the synagogue arsonists. In fact, the arsonists were caught by routine police work, and, it must be stressed once again, there was no connection between the arson gangs and the Mesifita College fire.

Gable continues to spread the lie though, and he repeated it in both the April 1993 and August 1994 issues of *Searchlight*. And, in the March 17, 1995 issue of the so-called *Jewish Chronicle*, he claimed once again that the 1960s arsons led to the death of (this time) a child. The *Jewish Chronicle* has no excuse whatsoever for giving any credence at all to this lie because it was brought to the paper's attention by the current writer in the Spring of 1994.

As if this is not bad enough, the full facts about Gerry Gable and the company he keeps are truly shocking. In 1979 he made the acquaintance of a Nazi thug named Ray Hill, pictured here with his paymaster. In March 1984, Hill was quoted thus by the *News of the World* newspaper: "It all started as a bit of a game - the odd night out attacking a few Pakis. I even desecrated a synagogue."

Hill is alleged to have worked as Gable's *mole* inside the far right, gathering information. In reality he was not a mole but a Zionist-sponsored *agent provocateur* stirring up hatred against Jews and other minorities. Gable himself claims to be a Jew, yet he has been married no less than three times, all three of them in a Register Office, and his current spouse - whose father was a practising Jew - is a former member of three far right groups which are, by Gable's account, anti-Semitic. The claim that Mrs Sonia Gable was also a *mole* gathering information on anti-Jewish and similar activity is even more untenable than the similar claims made by Gable's fellow conspirator and arch-liar Ray Hill.

Gable's magazine *Searchlight* has negative equity, in layman's terms it is subsidised. In the past, and perhaps even now, part of this subsidy has come from the London Boroughs Grants Unit and other organisations which the ratepayer and/or taxpayer supplies the funds for. If you pay rates and or/taxes, then your money is being used to subsidise Gable's lie machine, and to spread his poison.

If you are happy about this, fine, if not, there are a couple of things you can do about it. One is that you can order and distribute our publications; the other is you can bring Gable's evil machinations to the attention of people in authority who are in a position to do something about them. The so-called *Jewish Chronicle* doesn't care, neither does the so-called Board of Deputies of British Jews, indeed both these organisations know full well what is going on and continue to endorse Gable's lies and spread his poison. But if enough people, particularly Jews, are woken up to Gable's evil machinations, then something will eventually be done about him.

Boy dies in London yeshiva fire

JEWISH CHRONICLE REPORTER

A 15-year-old student lost his life when fire destroyed the Mesifita Talmudical College in Cazenove Road, Stoke Newington, London, in the early hours of Tuesday. Another student was seriously injured when he jumped from the burning building.

The boy who died was Wolf Katz, of Stoke Newington, whom firemen found huddled in an upper-storey room of the college.

The student who jumped from a second-floor window was Judah Gottesman, of Clapton. He broke his leg and was unconscious when taken to Hackney Hospital in a police car. His condition was said yesterday to be improving.

It was shortly after 4 a.m. when shouts and cries for help from the students in the college were heard by neighbours in Cazenove Road.

NO INCENDIARISM AT YESHIVA

Jewish Chronicle Reporter

Fascists were not responsible for the fire which destroyed the Mesifita Talmudical College, Stamford Hill, last month, according to Scotland Yard.

Mr. David Weitzman, M.P. for Stoke Newington and Hackney North, told the *Jewish Chronicle* that the Assistant Commissioner of the Yard had written to him that "there is no evidence that any form of pseudo-fascist or similar activity is present in the district."

Careful inquiries had revealed that there was no evidence of incendiarism in connection with the fire. Mr. Weitzman had been informed by a number of his constituents of rumours to this effect, and he had asked Scotland Yard to investigate.
