"LIFE'S A GODDAM LAUGH RIOT"

Mark Gatiss stars in the first major revival of this iconic play in almost 20 years. Razor sharp and packed with wit, **The Boys in the Band** is fresh, startling and brilliantly entertaining. Nine men gather in a New York apartment for a birthday celebration. Harold receives a surprise gift from his friend, Emory, in the form of a beautiful male hustler. Meanwhile, party host Michael gets an unwanted surprise of his own. As the booze is drunk and the dope smoked, the mood swings from hilarity to heartbreak.

From the producers of the acclaimed productions of *Beautiful Thing*, *Our Boys* and *Another Country*, this eagerly anticipated revival stars Olivier Award winner **Mark Gatiss** (*Sherlock*, *Doctor Who*, *London Spy*), **Daniel Boys** (*Avenue Q*), **Jack Derges** (*EastEnders*, *Humans*), **Ian Hallard** (*Doctor Who*, *An Adventure in Space and Time*), **James Holmes** (*Miranda*, *Psychoville*) **John Hopkins** (*Midsomer Murders*, *Stan Lee's Lucky Man*), **Ben Mansfield** (*Primeval*, *Endeavour*) and **Nathan Nolan** (*Undercover*). **The Boys in the Band** is directed by **Adam Penford** whose credits include *One Man, Two Guvnors* (National Theatre).
