MOVE OVER MRS MARKHAM

When three couples — unbeknown to each other — plan an evening of amorous adventures in the empty flat belonging to Philip and Joanna Markham the results are unmitigated chaos for everyone concerned — but a great deal of fun for the audience!

This highly delicate situation is further complicated by the unexpected appearance of the Markhams and the untimely arrival of a straight-laced authoress of children's books: Olive Harriet Smythe (PEGGY MOUNT).

STOP THE WORLD I WANT TO GET OFF

If you don't remember the plot you'll never forget the songs! "Once in a Lifetime", "What Kind of Fool Am I?" and "Gonna Build a Mountain" became hits overnight.

STOP THE WORLD is the story of Littlechap; his birth, life and death. Littlechap isn't a very likeable person. In fact he's selfish, an opportunist and a relentless pursuer of women — but this is a unique theatrical experience which holds you in its spell.
