Thank goodness I remembered to bring some T.C.P.!

A NASTY knock—but she knows that T.C.P. will keep it safe from dirt and germs. How valuable T.C.P. has become, now that all of us are doing war-time jobs of one kind or another.

T.C.P. can be used—any time, anywhere—for almost every common ailment and emergency. For though it destroys infecting germs instantly, T.C.P. is much more than 'just an antiseptic' in the usual sense. It relieves pain, it reduces inflammation, it actually assists clean, scarless healing. And it is so completely SAFE that you can use T.C.P. on any part of the body—including the eyes, nose and mouth, and even take it internally, to counter infection in the system itself.

No wonder men and women who want to keep 'on the job' always have a bottle handy. T.C.P., with full instructions, is sold by all Chemists in 1s. and 3½d. bottles. Purchase tax extra.
