The Robot Zoo

How do chameleons change colour? What makes grasshoppers leap so high? How do bats see at night? Enter the fascinating world of *The Robot Zoo* and discover the mechanisms that give animals their amazing abilities.

This family-friendly exhibition features larger-than-life animals that have been innovatively recreated using a variety of familiar machine parts and gadgets to reveal how their real life counterparts see, eat, hunt and hide. Interactive exhibits also give you the chance to try jet-propelled squid racing, shoot a chameleon's 'tongue-gun' and even design your own 'mutant' robot creature.

The Robot Zoo returns to the Horniman following its highly successful UK debut in 2009.

Tickets: Family £18.70*, Adult: £7.70*, Child £4.40*.
Horniman Members get FREE unlimited entry.

*Includes voluntary 10% Gift Aid donation which supports the work of the Museum and Gardens.

To book tickets and for more information about *The Robot Zoo* and related events, visit horniman.ac.uk/robotzoo

Open daily 10.30am–5.30pm

Café open daily 9am–5.30pm
