Why be a weight lifter?

In grandmother's day they believed that the heavier the iron the better the ironing would be. Morphy-Richards did a lot to break that idea, as your present iron probably proves. And now Morphy-Richards go one better with the 'Atlantic' Lightweight Electric Iron. It weighs only 2½ lbs. and does your ironing perfectly. The whole secret is in controlled, correct heat—easily distributed all the time over the entire soleplate. No need now to talk of a heavy ironing day. The Morphy-Richards 'Atlantic' makes lightweight work of it.

The iron with the butterfly touch

'Lifetime' element is completely embedded in the light-alloy soleplate. Easily read fabric selector dial. Reversible flex entry for right or left-hand users. No radio or T.V. interference. Comfort-grip handle. ¾ ft. non-kink flex. Body in elegant chrome or delightful pastel shades—primrose, green or blue. All voltages AC or AC/DC.

FROM 48'1 to 60'10

in accordance with the requirements of the London County Council,
1.—The public may leave at the end of the performance or exhibition by all exit doors and such doors must at that time be open. 2.—All gangways, corridors, staircases and external passageways intended for exit shall be kept entirely free from obstruction whether permanent or temporary. 3.—Persons shall not be permitted to stand or sit in any of the gangways, corridors, staircases or external passageways. If standing be permitted in the gangways, corridors, staircases or external passageways the public shall not be permitted to stand or sit in any of the other passageways. If standing be permitted in the gangways, staircases or external passageways, it shall be limited to the numbers indicated in the notices exhibited in those positions. 4.—The safety curtain must be lowered and raised in the presence of each audience.
