Would you like to be involved? Then get in touch!

Radio Sydenham aims to provide individuals, local social enterprises and others in the area the opportunity to broadcast their views to Sydenham and beyond online.

We aim to promote services and opportunities amongst local residents including any events and exhibitions that may be taking place. We also want to offer representatives of local groups the chance to come into our studio to publicise their activities. In this way, local groups can use the station to raise their profile in the area and beyond.

Reflecting the composition of the community itself, our team is multi racial, socially diverse and intergenerational.

We plan to carry out radio training so the people of all backgrounds get a chance to participate in a dynamic venture that requires them to make their own unique contribution. The majority of our volunteers, however are over 25 years of age but everyone's input is equally valued.

If you would like to be part of this exciting community project, please fill in the details overleaf.
