The Play

"A delight from start to finish..."

"Written from the heart..."

"Poignant... potent... Bateman is the reincarnation of GREAVES"

Tom Pocock of The Standard

The trenchant story of Walter Greaves naif painter of genius, a humble Thames Boatman: his rise and fall in the Edwardian London of 1910. The machinations of the jealous biographers of JAMES McNEILL WHISTLER and the murderous love of MADAME STRINDBERG for AUGUST JOHN!

"A delight from start to finish!"
