Multi award-winning West End star Leanne Jones (Best Actress Olivier Award winner as Tracy Turnblad in Hairspray) heads the cast in this cult Sci-fi musical adventure.

Set in the seedy cabaret club Saucy Jack's, on Frottage III, danger lurks as the cabaret acts are being brutally murdered by the slingback killer, plunging a murderous, sequined heel deep into the victims chest! Set against the backdrop of gloom and fear, down-trodden Booby Shevalle, Sammy Sax, Mitch Maypole, Dr Von Whackoff and pan-galactic Chesty Prospects share dreams and reveal secrets whilst the evil Slingback Killer draws near. All is not lost as the glorious Space Vixens arrive, interstellar, super-fashion crime fighters saving the day by the Power of Disco, with glowing Glitterboots and Disco Beams! Love interests develop, closets are opened and lives are saved as everything builds to an extraordinary musical climax!
