Crowndale

# Culture Creates Community

Show your support for plans to create a fantastic new creative community hub stemming from Theatro Technis on Crowndale Road!

- Create an expansive theatre foyer that is open to the community for creative and social use
- Provide creative spaces for community groups
- Generate rehearsal and performance space for performing arts
- Support local creative companies (like unique mentoring project, 'Scene & Heard') by providing office space

Theatro Technis is a well established, passionate and valuable member of the creative community. This project offers the opportunity to strengthen its engagement with the community through creation of shared creative spaces.
