Celebrate The Debut Album Of Metal Giant THOR With A Special 3 Disc Reissue Plus & A Spectacular NY Concert Event!

Los Angeles, CA – Get ready for one of the biggest metal reissues of the YEAR – a super deluxe edition of the legendary, underground classic, the 1977 debut album *Keep The Dogs Away* from metal icon THOR! This landmark release has become revered among music aficionados of every generation as one of the most explosive debut albums of any era with such ultra catchy rock anthems as “Keep The Dogs Away,” “Sleeping Giant,” “Thunder” and more. The CD version comes in a deluxe 6-panel digipak CD with alternate cover art, liner notes from longtime fan Brian Kehew (co-author of *Recording The Beatles*), 22 rare and unreleased bonus cuts on a separate disc PLUS a vintage 1980 concert DVD. The vinyl version meticulously recreates the original pressing with a foldout poster and printed inner sleeve. Both formats will officially hit the streets on May 13, courtesy of Deadline Music.

To celebrate this landmark reissue, THOR, in association with famed radio personality and metalhead Eddie Trunk and Fabio Productions, has put together a spectacular 4-hour multi-media event at the Highline Ballroom in New York City on May 14th. The event includes a first time EVER full concert performance of the entire *KTDA* album, plus a theatrical screening of the *I Am Thor* documentary, a special THOR Museum display, as well as another concert performance of THOR's most popular songs with tons of special guests! This is the ULTIMATE THOR experience – a metal extravaganza unlike any BETHOR! <https://www.facebook.com/THOR-A-Rock-Odyssey-Live-in-New-York-1016591135046207/> (<https://www.facebook.com/THOR-A-Rock-Odyssey-Live-in-New-York-1016591135046207/>)
